Inter-Office Memo

[Handwritten Signature]

To: William T. Lichter, Village Manager
Through: Wes Anderson, Director of Public Works
From: David A. Dramol, P.E., Village Engineer
Date: June 7, 2006
Subject: FY 2007 Preservative Surface Treatment
 Project Number: M-07-03

Due to the specialty nature of the work, for the FY 2007 season, proposals were requested from 2 companies for this project. 2 proposals were received and opened at 3:00 p.m. on June 6, 2006.

An evaluation of the proposal is summarized below:

	CAM, LLC	Midwest Tar Sealer
Preservative Surface Treatment	\$0.41/ sq yd	0.40/ sq yd
Preservative Screening	\$24.00 per ton	Negligible
Traffic Control	\$30.00 per station	\$17.99 per station
Total Proposal Price	\$62,828.00	\$58,100.61

After further investigation and review of the product from Midwest Tar Sealer, PW Engineering determined that their product, GSB-88 was inferior to Reclamite, the product PW Engineering has used consistently for the program. GSB-88 is absorbed at a much slower rate than Reclamite which creates issues for residents who need access into their driveways. GSB-88 also covers pavement markings, and does not have IDOT approval. Cam, LLC has provided superior service to the Village on this contract for the past 10 years and currently has the contract for Dust Control.

The contract documents identify that the awarded contract will be based on the Village's budget of \$70,000. Work will be performed on a work order basis. Payments to the Contractor will be based on the actual work performed at the awarded contract unit prices. The Engineering Division recommends awarding this contract to CAM LLC, in line with the FY2007 budget for the amount of \$70,000.00.

Please present this item to the President and Board of Trustees for their review and approval at their regular meeting on June 15, 2006. If approved, please return two (2) executed copies of the contract to PW Engineering for further processing.
