Subject: Glenbard East High School Parking - No Parking Restriction Extension to Elizabeth Street between Harrison and Harding

The Village has received a request to consider extending the current parking restrictions on streets surrounding the Glenbard East High School to Elizabeth Street between Harrison and Harding. The Village has confirmed that as many as ten (10) to fourteen (14) vehicles are parked on both sides of Elizabeth Street between Harrison and Harding. Though sufficient room is available for emergency vehicles to pass between parked vehicles, Elizabeth Street is a more than average north-south traffic route. Utilization of less traveled streets in the area would be better suited for parking. Furthermore, the close proximity of the subject intersections of Elizabeth to Madison School promotes increased pedestrian traffic in the area. At this time, staff does not have any recommendations.
