How does this promote tourism/overnight stays in Lombard? : The event draws new tourism to the already popular Lilac Time series of events. An unique fine arts show creates a tourism market to a new visitor that might not frequent the park.

Will any profits generated be returned to the community?: No

If so, how?: The funds go directly into scholarships and rize money that entices artists to enter the show.

Request for Consideration as a Grant Applicant: The DuPage Invitational Sculpture Show

1. What is the overall purpose or mission of the organization? Include a brief history. The Lombard Arts Coalition will be the artistic director branch of the event. Since its inception, the Lombard Arts Coalition has brought art instruction of many disciplines to the community. It has fostered cooperative relationships with many Lombard-based entities, including Lombard Park District, Lombard Towne Centre, Lombard Chamber of Commerce and the National University of Health Sciences. They have also worked with local school districts and agencies such as Community Art Partners. Member and Open Art Shows are an annual occurrence. The Coalition has held free-to-the-public programs of theater and creative workshops.

Together with the Lombard Park District, Lombard Town Centre (via Illinois Main Street) and Lombard Arts Coalition, and the Friends of the DuPage Theatre expect that the DuPage Invitational Sculpture Show will successfully bring much needed recognition to DuPage County sculpture artists, the large sculpture form of art and inspire and reward young people for their pursuit of the arts.

2. What amount is requested? Include brief description of project/program to be funded. The DuPage Invitational Sculpture Show Committee is requesting \$3,000.00. The DuPage Invitational Sculpture Show, the only one of its kind in DuPage County, is designed to showcase only DuPage County sculpture artists. Large-format sculpture is an art form in decline and the market for sales of original work is very limited. Many times, DuPage County artists cannot find a successful foothold in neighboring counties for their original work. The DuPage Invitational Sculpture Show intends to provide an avenue for these talented artists on their home turf. This county-wide effort is geared to present new art experiences to not only the public, but municipalities and corporate entities that are potential customers. Sales by the artists will enforce and encourage the proliferation of art—especially with many of these corporate entities adding considerations for public art in their budgets. Scholarships will be awarded to student artists. Costs associated with the amount are for promotion and mailings, printed material, ribbon prizes and scholarship awards.

3. The purpose of the DuPage Invitational Sculpture Show is as follows:
To educate the underserved public on a multitude of styles of original sculpture.
To seek out and celebrate DuPage County candidates for public art programs.
To provide an opportunity for DuPage County artists to display and sell sculpture.
To keep DuPage County artists working in DuPage County.
To educate DuPage municipalities regarding Lombard's Public Art Program.
To inspire and reward young people for their pursuit of the arts.
To grant the experience of showing art to outstanding new/student artists.
To provide an opportunity for middle and high school art students to become involved in a community art project, and be exposed to new art forms.
To promote visits to Lombard's beautiful and historic botanical gem, Lillacia Park, during Lombard's annual Lilac Time Festival.

4. What specific need does this project/program address?
There are many needs this show fulfills, including:
Facilitating public experiences with original art in a vastly underserved population.
Providing an avenue for artists to display and sell art.
Supporting an exclusive showcase for emerging student artists.

5. How will this grant be used? Who and how many will directly benefit?
Costs associated with the amount are ribbon prizes and scholarship awards.
Outstanding artists and students will benefit directly by the award amount. The public will become aware of the event through our comprehensive public relations campaign.

6. How do you plan to evaluate the progress and success of your project/program?
Describe the strategies and tools that you will use in measuring the outcome.
The first indicator will be artist participation. The committee's hope is that a minimum of 20 acceptable sculptors turn out for the show with multiple submissions.
The second indicator will be spectator response. Our goal of 1000 spectators was surpassed by over 1200 visitors to the 2009 sculpture show, weather permitting. This was easy to calculate, since Liliac Park counts guests frequenting the park during Liliac Time each year, through a head count at booths stationed at entrances.

7. What other agencies are you working with on this project/program, if applicable?
Describe the partnership or activities.
The DuPage Invitational Sculpture Show Committee was created to bring many community organizations together. Because of this effort and participation, the DuPage Invitational Sculpture Show is indeed a community-driven project.
The committee members represent those entities involved:
Laura Fitzpatrick, District 5 Trustee, Village of Lombard; Chair
Dr. Darlene Ruscitti, Superintendent of Schools, DuPage County
State Representative Bob and Mrs. Judy Biggins; Honorary Chairs
Jackie Brzezinski, Lombard Park District Staff
Jan Mills, Lombard Park District Commissioner
Deborah Dynako, President, Friends of The DuPage Theatre, Co-Chair
Kim Angland, Marketing Store/Lombard Park District Pool Referendum
Cari Plug, Marketing Store
Janice Pietra, Willowbrook High School Art Dept Chair, advisor
Lombard Arts Coalition Executive Board (Artistic Directors):
- Mary Placzek, Co-Chair; Nancy Ahlstrom; Eve Reed and Dorothy McIntyre

8. Is this a new, continuing, or one-time project/program?
With the first year successfully administered the committee is confident this can become an annual event. The Lombard Park District has welcomed this event back to its Liliac Time calendar for May 8, 2010.

9. What are your plans for fully funding and sustaining this project/program?
We expect to finance the project through entry fees, sponsorships, grants and in-kind donations. In 2009, we were able to raise \$12,000 (see budget sheet) through diverse fundraising mechanisms.

10 Specify other funding sources or steps you have already taken to get additional funding for this project/program.

We plan to apply to the following agencies for grants:

Village of Lombard Tourism Grant

Illinois Arts Council- 2009 received \$500, can be renewed at a larger amount
DuPage Community Foundation- waiting response

All of these grants are still in the application phase. We will also look to local corporations and businesses for sponsorship funding.

11. Does your organization serve DuPage County exclusively? If not, what percent of the population served are DuPage residents?

Artists: Because there is currently no forum for DuPage County-only sculptors, the exhibitors will only be professional and student artists from DuPage County.

Visitors: This will be open to all of the nearly one million DuPage County residents with no entry fee. Out-of-county visitors are expected to make-up approximately 1% of attendance.

12. How does your event promote tourism in Lombard?

The DuPage Invitational Sculpture Show captures a new audience for Lillacia Park activates during its festival period. It is independent of other highlights offered at the park and throughout the community; the show brings the draw of a fine art event that is unique to other "art in the park" events throughout the county. As the show grows and flourishes in reputation over the years, tourism designed for Lillac Time enthusiasts that appreciate art will visit and take advantage of our many hotels and restaurants.
