Subject: Fairfield Ave. Truck Traffic

The residents on Fairfield Ave. between Roosevelt Rd. and Central Ave. have expressed their concern regarding trucks using Fairfield Ave. Trucks do need access to the businesses on Fairfield Ave. for deliveries, however, when leaving they should travel south to Roosevelt Rd.

I would recommend posting Fairfield Ave. "5 Ton Weight Limit, Except Local Deliveries" from a point 460 feet north of Roosevelt Rd. to Wilson Ave. to keep truck traffic off the residential streets.
