Cost Center Billing

For customers with cost center billing, it is the customer's responsibility to provide cost center allocation information to RingCentral at least 10 days prior to the issuance of the invoice. After the information is received, it will be reflected on future invoices, but will not be adjusted retroactively on past invoices. If purchasing additional services through the administrative portal, it is the customer's responsibility to assign cost centers at the time of purchase; otherwise, those services will not be allocated by cost center on the next invoice. Please note that cost center allocation is not available for certain items, such as minute bundles and credit memos. For additional questions, please contact the RingCentral invoice billing team at BillingSupport@ringcentral.com.

IN WITNESS WHEREOF, the Parties have executed this Initial Order Form above through their duly authorized representatives.
