MEMORANDUM

TO: David A. Hulseberg, Village Manager

FROM: William J. Heniff, AICP

Director of Community Development

DATE: October 16, 2008

SUBJECT: BOT 08-05: 18W680 14th Street-Annexation

In order to facilitate the timely annexation of the Village Booster station at 1420 S. Meyers Road, staff has been working with property owners regarding annexation of selected properties along School and 14th Streets. This request seeks approval of an annexation agreement and annexation of the aforementioned property.

BACKGROUND

As part of the review of the Village's plans to construct a Water Booster Station at 1420 S. Meyers Road (along 14th Street), staff was informed by DuPage County that the building permit costs for the booster station would be \$47,000. Rather than paying the permit fee, staff initiated a discussion among selected property owners along School Street to see if they would be interested in annexation. If all of the property owners agreed to annex, the Village can annex the Lombard Fellowship Church/Booster Station site and forgo the permit fees.

The Village currently owns and operates an existing water main within the School Street right of way in front of the subject property. As an incentive to encourage property owners to agree to an annexation agreement currently being offered to the York Center Community neighborhood. However, this agreement is only being made to selected residences along School and 14th Street that can directly connect to the Village's water main. This agreement also provides for a waiver of all connection fees, all building permit fees, water meter fees and a reimbursement of the construction costs to connect the property to the existing water line along School Avenue. Staff notes that although construction costs on private property would typically not be covered by the Village, we note that there is a significant public benefit as the cost of each of the connections (estimated to be about \$7,500) would be less than the overall County permit fee. We also note that expending funds in this manner would also provide tangible benefits to the affected properties.

Should the annexation agreement and annexation be approved, the properties will be zoned R0 Single-Family Residence District by default, as set forth in Section 155.403 of the Zoning Ordinance. No other zoning actions accompany the petition.

Staff will coordinate the connection process with the property owners. We intend on following a process similar in nature to the one used for the Northeast Lombard sanitary sewer relocation project.

ACTION REQUESTED

Attached for Village Board consideration is an Ordinance granting approval of an Annexation Agreement and an Ordinance granting approval of the annexation of the subject property. Staff recommends a waiver of first reading of the Ordinances so that the properties can be recorded in a timely manner and the booster station project can continue on schedule.

WHEREAS, the Subject Property consists of two lots commonly known as P.I.N. 06-21-101-016 (hereinafter, "Parcel A") and 06-21-101-012 (hereinafter, "Parcel B"), and is approximately .5 acres in size; and

WHEREAS, all owners of record of the Subject Property have signed a petition for annexation of the Subject Property to the Village, which petition is hereinafter referred to as the "Annexation Petition"; and

WHEREAS, a public hearing on this Agreement was held by the corporate authorities of the Village (hereinafter referred to as the "Corporate Authorities") on _____, 2008; and

WHEREAS, the Parties wish to enter into a binding agreement with respect to the said annexation, zoning and future development and for other related matters pursuant to the provisions of Division 15.1 of Article 11 of Act 5 of Chapter 65 of the Illinois Compiled Statutes, and upon the terms and conditions contained in this Agreement; and

WHEREAS, all public hearings and other actions required to be held or taken prior to the adoption and execution of this Agreement, in order to make the same effective, have been held or

WHEREAS, the Corporate Authorities of the Village and the Owner deem it to be to the mutual advantage of the Parties and in the public interest that the Subject Property be annexed to the Village as hereinafter provided; and

WHEREAS, the annexation of the Subject Property as provided herein will promote the sound planning and development of the Village as a balanced community and will be beneficial to the Village; and

WHEREAS, the Corporate Authorities of the Village have determined that the existing land use of the Subject Property, as a single-family residence, is in accordance with this Agreement and complies with the Comprehensive Plan of the Village;

NOW THEREFORE, in consideration of the premises and the mutual promises herein set forth and other good and valuable consideration, the sufficiency of which is acknowledged by the Parties hereto, the Parties hereto agree as follows:

1. **INCORPORATION OF RECITALS.** The Village and Owner agree that the foregoing recitals are incorporated in this Agreement as if fully recited herein.

2. **DEVELOPMENT OF SUBJECT PROPERTY.** The Village and Owner agree that any development of the Subject Property shall be in accordance with the terms of this Agreement. Notwithstanding the provisions of the Zoning Ordinance and the Subdivision Ordinance, and the ability of the Owner to comply therewith, the Owner agrees that the Subject Property, or any part thereof, shall not be subdivided or resubdivided or consolidated with contiguous property in order to be subdivided, as a means to circumvent the provisions set forth herein, during the Term of this Agreement. Owner further agrees not to record a tax division of the Subject Property with the DuPage County Recorder of Deeds, as a means to circumvent the provisions set forth herein, during the Term of this Agreement. The provisions of this Section shall not apply to any divisions of any portion of the Subject Property resulting from the dedication of land for public purposes, nor shall this Section apply to any portion of the Subject Property that is required to be subdivided or consolidated pursuant to a Court Order.

3. **ANNEXATION.** Subject to the provisions of Article 7 of Act 5 of Chapter 65 of the Illinois Compiled Statutes, the Parties agree to do all things necessary or appropriate to cause the Subject Property to be duly and validly annexed to the Village as promptly as practicable after the execution of this Agreement and following the establishment of contiguity between the corporate boundaries of the Village and the Subject Property. The Parties shall cause such annexation to be effected pursuant to the provisions of Section 5/7-1-8 of Act 5 of Chapter 65 of the Illinois Compiled Statutes.

Moreover, the Village reserves the right to construct or have constructed public right-of-way improvements along 14th Street and School Street to address the potential future needs associated with York Center School or future development on the east side of School Street. The costs to pay for such future improvements would either be paid for through a Special Assessment levied against the abutting properties other than the Owner, or a required developer contribution, if the improvements pertain to development on the east side of School Street.

8. **PUBLIC RIGHT-OF WAY IMPROVEMENTS.** The Village agrees that the street(s) adjacent to the Subject Property may remain as an underimproved street(s) (as defined in the Subdivision Ordinance) during the life of this Agreement. The Village reserves the right to require full public improvements for any new development occurring on the Subject Property, as required by the Subdivision Ordinance. The Village also reserves the right to construct, or have constructed, public roadway and infrastructure improvements within any dedicated rights-of-way or roadway easements, if such improvements are necessary for public health and safety purposes.

7. **RIGHT OF WAY DEDICATION.** If any portion of the Subject Property is located within an area currently platted with an easement for a public street, Owner shall provide for the dedication of said easement areas for public right-of-way purposes. The costs of preparing the plat of dedication shall be borne by the Village.

6. **PLATS OF SURVEY.** Owner shall provide the Village with a plat of survey, if available, and/or a copy of the deed for the Subject Property.

After the Agreement is entered into, but prior to annexation, any expansion, alteration, reconstruction or repair of any such buildings or structures, or any change of land use on the Subject Property, shall conform to all existing provisions of the Village Code unless said conformity would be in violation of any DuPage County regulations applicable to the Subject Property.

5. **NON-CONFORMING PROVISIONS.** Upon approval of this Agreement, the Village recognizes that the existing use of the Subject Property (i.e., a single family residence) constitutes a permitted use within the R0 Single Family Residence District as expressed in the Zoning Ordinance. Nothing in this Agreement shall be construed so as to grant zoning relief or any other relief from the Village Code for any existing uses or structures on the Subject Property, other than that noted in Section 4 above. The Village agrees that any legally permitted and constructed buildings or structures on the Subject Property shall be recognized by the Village as legal conforming buildings and structures if constructed in compliance with the codes and ordinances of the Village, or as legal non-conforming buildings and structures if not currently in compliance with the codes and ordinances of the Village, in which case the continuing existence and use of the buildings and structures shall be governed under the Section 155.301 through 155.306 of the Village Code.

4. **ZONING.** Upon annexation of the Subject Property to the Village as set forth herein, the Subject Property shall be zoned R0 Single Family Residence District, by operation of law.

9. WATER UTILITIES.

The Subject Property is currently serviced by a public watermain and service line owned and operated by DuPage County. However, the Subject Property abouts the 14th Street right-of-way, in which is located a public watermain under the jurisdictional control of the Village (hereinafter the "14th Street Watermain". In regard to said 14th Street Watermain, the Village represents and warrants to Owner that the Village owns and operates a water distribution system within the Village for water distribution, and that the Village's watermain system has sufficient capacity to provide, and will provide, potable water to the Subject Property, such service to be substantially the same as provided to other areas in the Village being provided with water by the Village. In consideration of the unique nature of the annexation being contemplated by this Agreement, the Owner and Village hereby agree as follows:

A. Upon annexation of Subject Property into the Village, the Village shall do all things necessary and appropriate to facilitate the connection of the single family residence on the Subject Property to the 14th Street Watermain.

B. Upon annexation of the Subject Property into the Village, the Owner shall do all things necessary and appropriate to facilitate the connection of the single-family residence on the Subject Property to the 14th Street Watermain.

C. The Village shall waive all Village water connection fees, building permit fees, inspection fees and water meter fees associated with the connection of the existing single-family residence on the Subject Property to the 14th Street Watermain, including any such fees associated with any Village required modifications to the existing water service line.

D. Upon satisfactory completion of the connection of the existing single-family residence on the Subject Property to the 14th Street Watermain, the Village agrees to reimburse the Owner and/or Owner's cost of work performed as part of this connection project.

E. In order to receive full reimbursement for the connection project as set forth in Subsection D above, Owner shall follow the procedures for reimbursement as required by the Village.

F. Owner agrees to connect the existing single-family residence on the Subject Property to the 14th Street Watermain within one (1) year from the execution date of this Agreement, or within sixty (60) days of the annexation of the Subject Property by the Village, whichever occurs last.

G. Owner and Village agree that the improvements to Parcel B on the Subject Property may be connected to the 14th Street Watermain at the time of development, upon terms and conditions generally applicable throughout the Village, and subject to Owner's payment of applicable watermain connection fees.

10. SANITARY SEWER FACILITIES. The Subject Property is located within the Facilities Planning Area ("FPA") of the Flag Creek Water Reclamation District (the "District") and is currently connected to and is served by a sanitary sewer service system provided by the District. The Village agrees to not require the disconnection of the Subject Property from the District provided that the District has sufficient capacity to serve the Subject Property.

13. **EMINENT DOMAIN.** The Village hereby agrees not to use its rights of eminent domain as a means to change the terms and conditions of this Agreement or as a means of

12. **UNDERGROUND UTILITIES.** Upon annexation of the Subject Property to the Village, the Owner shall not be required to bury electrical, telephone, cable television and natural gas distribution facilities that currently exist on the Subject Property. However, for any future installation of utilities, the Village hereby agrees to work with the Owner to facilitate any necessary and required burial. The Village shall not be responsible for any costs associated with the burial of such facilities.

In addition, any future Storm Drainage Facilities shall be maintained by the Owner and/or any subsequent owner. Such Storm Drainage Facilities shall be maintained by the Owner during the course of development, and thereafter shall be maintained by either the Owner or by the subsequent owner(s). The Village shall be provided with the right, but not the duty, to go upon any portion of the Subject Property to maintain and/or repair or replace such Storm Drainage Facilities if they are not suitably maintained so that they remain fully operational, and if the Village takes, after ninety (90) days written notice to the Owner, in its reasonable discretion, any such action, the Owner shall immediately upon demand reimburse the Village for all reasonable expenses incurred by the Village against the Subject Property, and, if not promptly paid, the Village shall have the right to record a lien for any such unpaid expenses against the Subject Property or any portion thereof, and to foreclose on any such lien. Prior written notice shall not be required in emergency situations. In regard to the Storm Drainage Facilities, provisions specified by the Village's Director of Community Development shall be set forth on any future final plats or subdivision.

11. **STORM DRAINAGE FACILITIES.** Upon annexation of the Subject Property to the Village, the Owner shall not be required to provide storm drainage facilities for any existing structures on the Subject Property, nor shall the Village require any additional stormwater improvements to be made to meet the detention requirements of the Village. However, any future modifications to or reconstruction of, any existing buildings, structures and/or parking lot improvements on the Subject Property, or any new construction on the Subject Property, shall be subject to the stormwater management requirements set forth in Chapter 151 of the Village Code. Any future storm drainage facilities, including, but not limited to, retention and/or detention areas (hereinafter, collectively the "Storm Drainage Facilities") shall be provided and constructed and paid for by the Owner and developed in accordance with the Subdivision Ordinance, as modified by any final engineering plans hereafter approved by the Village for the Subject Property.

As to Parcel B, Owner, at Owner's sole cost and expense, shall install and/or maintain sanitary sewer service to the Subject Property in accordance with the lawful regulations of the District, and any regulations set forth in the Village's Subdivision Ordinance that are not in conflict with the District's regulations, and as may be modified by any final engineering plans hereafter approved by the Village or the District for the Subject Property. Owner shall grant or dedicate all easements required by the Village for the construction of the necessary sanitary sewers serving Parcel B of the Subject Property. Owner further agrees to pay the District for any future tap-on, connection, and service fees imposed upon the Subject Property by the District

redevelopment of the Subject Property for private commercial uses. However, nothing herein shall preclude the Village from using its rights of eminent domain for purely public purposes relating to infrastructure or roadway improvements, as set forth by State Statute, except as otherwise provided in this Agreement.

14. EASEMENTS. Owner shall provide any required easements for cable television, public utility and/or drainage purposes as required by the Village Code.

15. CONTRIBUTIONS. There shall be no requirement for the Owner to make any contributions to an elementary school, middle school, high school, park, library or other service districts as part of the annexation to the Village.

16. FIRE DISTRICT. By operation of law and in accordance with Illinois Compiled Statutes, Chapter 70, Section 705/20, the Subject Property shall, upon its annexation to the Village, be disconnected from the fire protection district in which it is located. The Village agrees to assist Owner in said disconnection and reimburse Owner for any reasonable costs or fees that may be involved. This provision shall not apply if the Subject Property is required to remain in another fire protection district to ensure the continuity of the fire protection district's boundaries. The Village shall provide notice to the fire protection district in the manner required by law.

17. ANNEXATION TO LOMBARD PARK DISTRICT: Owner agrees to petition the Lombard Park District to annex the Subject Property to the Lombard Park District upon its annexation to the Village for any portion of the Subject Property that is not currently located within the corporate limits of the Lombard Park District. For any portions of the Subject Property that are currently located within the corporate limits of another park district, Owner shall have the right to petition to disconnect from the corporate limits of the other park district and request annexation into the Lombard Park District. If such disconnection is approved by the other park district, then Owner shall be required to annex into the Lombard Park District. The Village agrees to assist Owner in petitioning for annexation and/or disconnection and to reimburse Owner for any reasonable costs or fees that may be involved.

18. BONFIRES. Ceremonial/recreational fires shall be allowed so long as all rules and regulations of the State of Illinois, DuPage County, the Village, and the applicable Fire Protection District are followed. Owner shall apply for and receive approval from the relevant governmental entities prior to establishing such a bonfire. Owner also recognizes that if such bonfire activity is prohibited by any of the governmental entities noted within this Section in the future, the rights granted within this Section shall no longer be in effect.

19. SPECIAL ASSESSMENT OR SPECIAL SERVICE AREA: Owner agrees that Owner will not object to the creation of a Special Assessment or Special Service Area incorporating the Subject Property with respect to the construction of any public improvements affecting the area of the Subject Property and benefiting the Subject Property, which may become necessary at a future date, provided that the assessment formula for any such future Special Assessment(s) or Special Service Area(s) shall be determined as required by law, taking into account the benefit to the Subject Property as a result of the public improvements constructed.

20. FEES. In consideration of the impact of the annexation of the Subject Property on the Village, Owner agrees to pay all applicable permit (including, but not limited to a building permit) and utility connection fees as required by Village Ordinances at the time of application for the respective permits. However, the Village will not charge any utility connection fees, including water connection fees, for lines or connections presently in existence on the Subject Property.

21. FUTURE ANNEXATION OF PROPERTY CONTIGUOUS TO SUBJECT PROPERTY: To the extent that any property that is contiguous to the Subject Property is conveyed to the Owner pursuant to the Order and Plan of Dissolution related to Case No. 00 CH 01177 (Circuit Court for DuPage County), it shall be considered part of the Subject Property, and subject to this Agreement, and the Parties agree to enter into a properly approved amendment to this Agreement to formalize same.
