- E. That an exception is granted to Section 155.603 of the Lombard Village Code to waive the screening and size requirements for off-street loading berths.
- F. That an exception is granted to Section 155.709 to waive the required perimeter lot landscaping requirements.

- H. That an exception is granted to Section 153.505.B.15 of the Lombard Village Code to establish criteria for wall signs which shall supersede the provisions of said Section 153.505.B.15 and which are attached hereto as Exhibit A.

Section 4: That the aforementioned approval is subject to the following terms and conditions:

- A. The site shall be developed in substantial compliance with the site plans, titled "Redevelopment Plat," "Landscape Plan," and "Future Possible Improvements," prepared by Land Development Services, dated October 18, 1998, last revised March 15, 1999, except as modified below.
- B. An appropriate loading area for the White Hen shall be identified. This loading area shall not obstruct any drive aisles (two-way drive aisles must be a minimum of twenty-four feet (24') wide) or interfere with traffic circulation or pedestrian safety. Plans for this loading area shall be submitted for approval to the Community Development Director, and the loading area shall be appropriately marked with signs and pavement markings. Every effort shall be made to require delivery vehicles to load from this loading area only.
- C. Those drive aisles which are to the south of and within one-hundred forty feet (140') of the White Hen which are not designated as loading areas shall

be appropriately marked with signs, curb paint, and pavement markings as “no parking.”

- D. If a drive-by mailbox and/or FedEx box is to be provided on-site, that (those) box(es) shall be placed in a location which will not interfere with traffic movement and which will accommodate any future outbuildings.
- E. The drive-through windows for the bank shall be located as far to the south as practicable.
- F. A stop sign and a “Watch for pedestrians” sign shall be installed at the bank drive-throughs.
- G. A barrier to pedestrians shall be installed at the west edge of the existing sidewalk on the south side of the north wing of the shopping center (adjacent to the bank). A new five-foot (5') wide sidewalk shall be installed to move pedestrians further south, and then across the drive aisles to the sidewalk along Westmore-Meyers. This sidewalk shall be installed from the west end of this shopping center sidewalk to the south end of the adjacent landscape island, with a depressed curb provided at the end of this sidewalk, facing west. Pavement markings shall then take this walk west to the sidewalk along Westmore-Meyers, with sidewalk provided whenever the walk crosses a landscape island.
- H. The possibility of closing the drive aisle between the White Hen and bank shall be considered. If it is closed, it shall be closed with a curbed landscape island with a minimum width of ten feet (10').
- I. At such time that the State of Illinois Drivers Services Facility moves out of the shopping center, the southeast corner of the property shall be improved in substantial compliance with the “Future Possible Improvements” plans.
- J. One (1) of every three (3) evergreen trees which are proposed along the north property line shall be removed from the plans. An evergreen species shall be selected which will not ultimately interfere with the overhead power lines.
- K. The evergreen trees shall be eliminated from the site control area for the easternmost Jackson drive, and the shrubs in this area replaced with low-lying species.

- L. The spruce trees which are proposed around the Ace Hardware storage area shall be replaced with a species, such as an upright arborvitae, which will not grow to be too large for the area.
- M. A shrub species which will not cause sight problems shall be selected for the landscape islands. The species and cultivar of the shrubs shall be specified on the landscaping plans.
- N. Trees used in the landscape islands shall be single-stem and upright.
- O. The birch and plums which are proposed in the parking lot islands shall be replaced with species which are salt-tolerant.
- P. The White Hen dumpster enclosure shall either be painted to match the building or replaced with an enclosure constructed of materials which match the building.
- Q. Eight foot (8') solid wood fencing shall be used for screening the Ace Hardware outdoor storage area.
- R. Materials shall not be stored outside of the outdoor storage area or be visible above the fence. Violation may result in revocation of the conditional use approval for outdoor storage by the Village Board of Trustees.
- S. No outdoor display shall be permitted in front of any store without a temporary event permit from the Village of Lombard.
- T. A minimum five foot (5') clear area for pedestrians shall be maintained around the outdoor seating area.
- U. Additional outbuildings may be constructed on the site if the existing on-site public watermains are replaced with new public water mains. These watermains must be installed per Village standards and will be accepted and maintained by the Village of Lombard.
- V. Additional outbuildings are subject to Site Plan Approval by the Plan Commission and must follow the following criteria:
 - 1. No more than two (2) additional outbuildings shall be permitted.
 - 2. Outbuildings shall be single-story.

3. The total floor area of all new outbuildings shall not exceed 13,500 square feet.
 4. A minimum of four (4) parking spaces per 1000 square feet shall be provided for the shopping center at all times.
 5. Applicable landscaping requirements shall be met.
 6. The exterior of buildings shall complement existing architecture.
 7. The outbuildings shall not interfere with fire truck access to the shopping center, and plans shall be subject to review by the Lombard Fire Chief.
 8. On-site traffic conflicts shall be minimized.
- W. The sign criteria shall be changed to specify that a maximum of two lines of text can be provided, to specify a maximum separation between lines of text, to take into consideration special sign needs for the outbuildings and the bank, and to specify that the sign criteria shall prevail in conflicts between the Sign Ordinance and the sign criteria.
- X. The existing freestanding sign (formerly used by LaSalle Bank) which is to the west of the north wing of the shopping center shall be allowed to remain only if no tenant identification sign is provided on the proposed bank canopy. If a tenant identification sign is provided on the canopy of the bank, then the freestanding sign for the bank shall be removed and only two (2) freestanding signs shall be allowed on the site. The installation of up to three (3) informational signs, each up to four (4) square feet in area, on the north side of the canopy, however, shall not constitute cause for the removal of the freestanding sign.
- Y. A five-foot (5') sidewalk shall be installed along Jackson Street, between the two entrance drives.

Section 5: That this ordinance shall be in full force and effect from and after its passage, approval, and publication in pamphlet form as provided by law.
