Subject: Request for "No Parking" across from 260 Eisenhower Ln. North

Mr. Tim Kearns, District Manager for SST Bearing Corporation located at 260 Eisenhower Ln. North, requested the Village to post "No Parking" signs across the street from their loading dock. The over the road truck drivers are experiencing difficulties with backing their trucks into the loading dock. Backing their trucks from the opposite direction creates a blind spot due to the configuration of the loading dock. This proposed parking ban will not have a negative affect on parking due to ample parking in surrounding parking lots. I reviewed the area with Mr. Kearns and concur with the findings.

Based on the above information, I would recommend installing "No Parking" signs as indicated on the attached map.
