December January February March	June/July	August 15th
April May June July	October/November	December 15th

Notwithstanding the foregoing, in the event that the Village's receipt of Developer Sales Taxes information from the State, relative to a particular Payment Period, is delayed, the Rebate Payment, relative to said Payment Period, shall be made as soon as practical after the receipt by the Village of said Developer Sales Taxes information.

4. The Developer shall take all necessary actions to cause the Illinois Department of Revenue to release the Developer Sales Taxes information/documentation, relative to the South Building Project, to the Village. In this regard, until such time as the Village obtains the information/documentation necessary to verify the Developer Sales Taxes generated by the South Building Project, the Village shall not be obligated to provide the Developer with the Sales Tax Rebate.

5. The Sales Tax Rebate to the Developer shall only be made from Developer Sales Taxes actually received by the Village from the South Building Project.
6. The term Developer Sales Taxes shall include future revenues derived during the period of this Agreement from taxes enacted by law or ordinance by any governmental authority which are intended to replace the Developer Sales Taxes generated by the South Building Project.
7. In the event that the Village ceases to receive Developer Sales Taxes from the South Building Project, as a result of a Change in the Law, and no alternate tax is enacted to replace the Developer Sales Taxes, the Village shall not be obligated to make any further Sales Tax Rebate payments hereunder.
8. The Sales Tax Rebate shall cease upon the Developer's receipt of the full amount of the Rebate Cap or the expiration of ten (10) years from the Commencement Date (thirty (30) Payment Periods), whichever occurs first, subject to the Developer's receipt of the Sales Tax Rebate relative to the last (thirtieth (30th)) Payment Period of said ten (10) year period, if necessary.
9. There shall be no payment of any State Sales Taxes to the Developer relative to the North Building Project.

VIII. USE REGULATIONS PERTAINING TO THE NON-RESIDENTIAL PORTIONS OF THE PROJECTS WITHIN THE NORTH BUILDING AND WITHIN THE SOUTH BUILDING

- A. **North Building Project.** During the Term of this Agreement, the Developer shall be permitted to initially sell and/or lease the not less than 3,000 square foot (up to 4,000 square foot) non-residential space located in the North Building (the "Restaurant Space") exclusively for a fast-food restaurant or a sit-down restaurant use as defined in Chapter 155 of the Village Code (the "Zoning Ordinance"). Developer shall have the right to partition the Restaurant Space into no more than two (2) restaurant tenant spaces, subject to all provisions of the Village Code and subject to using the entire Restaurant Space for the two (2) restaurant tenant spaces. If the Developer cannot secure a sale of, or lease for, the Restaurant Space, in whole or in part, for restaurant uses, within twelve (12) months from the date of the issuance of the first conditional or final certificate of occupancy for the North Building, the Developer shall be able to lease all or a part of the Restaurant Space to another use permitted (or permitted through the conditional use process) within the Zoning Ordinance. In the event the

Developer seeks to add additional (beyond the 3,000 to 4,000 square foot Restaurant Space) non-residential tenant space on the first floor of the North Building, the Developer shall be able to sell and/or lease the non-residential tenant space to any permitted use as set forth within the B5 Central Business District Zoning District, provided that said land use and activity otherwise meets the provisions set forth within the Zoning Ordinance.

B. South Building Project.

1. The South Building shall be initially sold and/or leased exclusively for a single tenant retail grocery store. The Developer shall work in good faith to secure a sale to, or lease for, a grocer to occupy the South Building in its entirety. The Developer shall provide the Village with a copy of said sale or lease documents no later than twenty-four (24) months from the Effective Date of this Agreement. In the event the Developer cannot reach an agreement with a grocer within the specified period, through no fault of the Developer, the Developer shall be able to secure alternate uses and tenants for the South Building, in accordance with the remaining provisions of this Section VIII. Thereafter, during the term of this Agreement, if the single tenant grocer does not occupy the premises, or should greater than fifty percent (50%) of the gross leasable floor space subsequently become vacant, for whatever reason, the Developer shall be permitted to sell and/or lease the South Building to no more than eight (8) tenants, provided that the land uses intended to be located in the South Building would otherwise be permitted by the B5 Central Business Zoning District requirements of the Zoning Ordinance.
2. In order to be eligible for the Sales Tax Rebate for retail sales activity to be located within the South Building, no less than fifty percent (50%) of the gross leasable floor space of the South Building must remain occupied by the retail uses set forth below. If, at any time during the Term of this Agreement, subsequent to the issuance of the conditional or final occupancy certificate for the South Building, more than fifty percent (50%) of the gross leasable floor space in the South Building is occupied by uses other than those listed below, then the Sales Tax Rebate, relative to the South Building, shall be terminated, and not reinstated thereafter.
 - a. Amusement establishments, indoor only;
 - b. Art shops or galleries, including auction rooms when ancillary to the retail business;

- c. Bakeries;
- d. Bicycle sales;
- e. Book and stationery stores;

Retail uses shall be determined to be those business entities which generate State Sales Taxes primarily from on-site product sales. Should any of the aforementioned uses not result in the generation of State Sales Taxes, the listed use shall no longer be deemed an approved use, under this Section VIII.C., for purposes of determining whether no less than fifty percent (50%) of the gross leasable floor area of the South Building is occupied by retail uses, during the remaining Term of this Agreement.

3. If the South Building is never fully occupied by a grocery store, the Developer shall have the ability to sell and/or lease the South Building in accordance with the terms and conditions set forth in Section VIII.B. above. If the use is not listed in Section VIII.B. above, the use provisions

set forth within the Zoning Ordinance shall apply; however, said uses may result in the loss of the Sales Tax Rebate relative to the South Building.

IX. DEVELOPER'S OBLIGATIONS

Developer shall have the obligations set forth below, in addition to those set forth elsewhere in this Agreement, for the development, construction, financing, completion and furtherance of the Projects:

- A. The Developer shall construct the Projects materially and substantially in conformance with the approvals therefor from the Village. The Developer shall pay or cause to be paid all building-related fees required by the Village Code, subject to the current fee limitation in Section X.K. below.
- B. The Developer shall at all times acquire, install, construct, operate and maintain the Projects in substantial conformance with all applicable laws, rules, ordinances, and regulations. All work with respect to the Projects shall substantially conform to all applicable federal, State and local laws, regulations and ordinances, including, but not limited to, zoning, subdivision and planned development codes, building codes, environmental laws (including any law relating to public health, safety and the environment and the amendments, regulations, orders, decrees, permits, licenses or deed restrictions now or hereafter promulgated thereafter), life safety codes, property maintenance codes and any other applicable codes and ordinances of the Village, or any of its rules or regulations or amendments thereto which are in effect from time to time during the construction and maintenance of the Projects and/or during the term of this Agreement.
- C. Prior to, and as a pre-condition to the Village's obligation to proceed with, the Closing, Developer shall submit written evidence to the Village, in a form and substance reasonably satisfactory to the Village, that Developer has access to sufficient funds to pay any costs of the Projects. Such evidence can include, without limitation, commitments for financing and/or letters of credit from a lender, and/or investor commitments, for the anticipated costs of such Projects.
- D. The Developer shall enter into separate construction contracts relative to the North Building Project and the South Building Project, shall keep separate accounting books in relation to the construction of each of the Projects, and shall not commingle funds between said Projects.

X. CONSTRUCTION REQUIREMENTS APPLICABLE TO THE PROJECTS

- A. Pursuant to Chapter 16 of the Village Code, the Developer shall pay all "costs," as said term is defined in Section 16.02 of the Village Code,

incurred by the Village relative to the Projects, and shall pay all utility connection and permit fees in connection with the construction of each of the Projects, subject to the current fee limitation in Section X.K. below. The Village may withhold or issue stop work orders with respect to any permit if the Developer has failed or refused to comply in all material aspects with this Agreement or applicable law.

- B. The Developer agrees that it shall repair and, if necessary, reconstruct, at its sole cost and expense, any driveway, road, parking area, sidewalk, curb, landscaping, or other property of the Village or others, which is damaged by the Developer, or its contractors, during or as a result of the construction of each of the Projects, to at least the condition in which it existed prior to the start of construction, or as required by law, whichever is more restrictive.
- C. The Developer shall post such surety bond, as required by the Village Code, relative to any work in relation to each of the Projects.
- D. It is expressly agreed and understood by the Developer that the terms of this Agreement shall be binding and applicable to all of Developer's contractors working on the Property and/or adjacent public land or rights-of-way, in relation to the construction of each of the Projects (a "Developer Contractor"). The Developer shall ensure that each Developer Contractor is aware of the obligations imposed under this Agreement and shall take such measures to ensure each Developer Contractor complies herewith at all times. The Developer shall be liable for non-compliance with applicable provisions of this Agreement by a Developer Contractor, and shall promptly notify the Village, in the event any Developer Contractor fails or refuses to comply herewith. It is expressly agreed and understood that in the event of a breach of the provisions of this Agreement by any Developer Contractor, the Village will look solely to the Developer, and the Developer hereby accepts responsibility on behalf of any such Developer Contractor.
- E. The Developer shall deliver to the Village a progress report at the conclusion of each month following the commencement of the construction of each of the Projects, which report shall describe the status of the work on each of the Projects, any proposed changes to the construction schedule, and any proposed or revised completion date, if necessary, due to Uncontrollable Circumstances. The Developer shall meet with the Village as appropriate, and make presentations thereto as reasonably requested, in order to keep the Village apprised of the progress of each of the Projects. The Developer shall provide adequate information, including, without limitation, engineering analyses and architectural analyses, as well as Village access to the appropriate development team personnel for each of the Projects, at any such

progress meetings, as may be requested by the Village, or as may be appropriate to provide an accurate progress report.

- F. Following the commencement of the construction of each of the Projects, the Developer shall use commercially reasonable efforts to continue the construction of each of the Projects without interruption or delay, and otherwise diligently pursue and prosecute the construction of each of the Projects to completion.
- G. The Developer shall stage all construction materials, equipment and machinery on the Property. No access to areas outside the boundaries of the Property shall be allowed for said activities, unless specifically authorized by the Village in writing.
- H. The Developer agrees that the Village Engineer and Community Development Director, and their respective designees, shall have the right at all times during normal business hours to reasonably inspect the progress of the construction of each of the Projects. In the event such inspection is denied, the Developer shall be issued a stop work order, and no work shall be thereafter commenced until such time as an inspection is granted, and the stop work order is rescinded.
- I. The Developer shall be responsible, at its sole cost and expense, for the construction of any and all sanitary sewer lines, storm water management facilities, water mains, sidewalks, right-of-way improvements, parkway improvements, and all other improvements necessary in order to construct and service each of the Projects, in compliance with the final architectural and engineering plans to be submitted and approved by the Village and/or the Illinois Department of Transportation, whichever jurisdiction is applicable. In this regard, the Developer shall have the right to tap into public sanitary sewer lines, storm water sewer lines, and water mains for use with each of the Projects, subject to any permit fees, recapture or connection fees or obligations applicable thereto.
- J. During the initial construction of each of the Projects as herein contemplated, the Developer shall stage its construction of each of the Projects to avoid to the fullest extent possible any material community disruption. During construction, the Developer shall also keep all public streets used by the Developer clean on a daily basis, and for each day in which such public streets are not properly clean and such condition is not remedied within twenty-four (24) hours of written notice to Developer, the Developer shall pay the Village the sum of Two Hundred Fifty and No/100 Dollars (\$250.00) for each such violation.
- K. Developer shall pay all development and building permit fees as set forth within the Village Code, relative to each of the Projects. The fees to be

paid by the Developer shall not exceed one hundred three percent (103%) of the adopted building permit fees and utility connection fees as of May 1, 2019, relative to the initial construction of each of the Projects. The Developer shall pay the full cost of any engineering review fees in existence on the permit application date, relative to each of the Projects.

- L. Additional development items, as required as part of the zoning entitlements process, shall be undertaken as part of each of the Projects, including, but not limited to:
 - 1. any traffic/non-motorized improvements to the public rights-of-way, based upon the Village's traffic consultant review;
 - 2. any stormwater/drainage infrastructure improvements; and
 - 3. providing any public easements or dedications necessary to facilitate any of the public improvements.
- M. The Developer shall improve the proposed 3,000 to 4,000 square foot Restaurant Space in the North Building with black iron duct extending to the roof, and shall install such equipment per the requirements of the Village Code.

XI. ADDITIONAL COVENANTS OF DEVELOPER

- A. **Developer Existence.** Developer will do or cause to be done all things necessary to preserve and keep in full force and effect its existence and standing as a Delaware corporation licensed to do business in Illinois, so long as this Agreement is in effect, and for so long as Developer maintains an interest in the Property or has any other remaining obligation pursuant to the terms of this Agreement.
- B. **Further Assistance and Corrective Instruments.** The Village and Developer agree that they will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may be reasonably required for carrying out the intention of or effectuate or facilitating the performance of this Agreement to the extent legally permitted and within the Village's and the Developer's sound legal discretion.
- C. **No Gifts.** Developer covenants that no director, employee or agent of Developer, or any other Person connected with Developer, has made, offered or given, either directly or indirectly, to any member of the Corporate Authorities, or any officer, employee or agent of the Village, or any other Person connected with the Village, any money or anything of

value as a gift or bribe or other means of influencing his or her action in his or her capacity with the Village.

- D. **Disclosure.** Concurrently with execution of this Agreement, Developer shall disclose to the Village the names, addresses and ownership interests of all Persons that have an ownership interest in the Developer, together with such supporting documentation that may be reasonably requested by the Village. Developer further agrees to notify the Village throughout the term of this Agreement of the names, addresses and ownership interests of any changes of owners of the Developer.
- E. **Prevailing Wages (South Building Project).** Developer shall comply with the Illinois Prevailing Wage Act to the extent improvements relative to the South Building Project, if constructed on behalf of the Village by a contractor, would be subject to the Illinois Prevailing Wage Act. The Developer agrees to assume all responsibility for such compliance with the Illinois Prevailing Wage Act in connection with the South Building Project under this Agreement in the event of any action by any party to enforce its provisions. Developer warrants and represents that it has reviewed the Illinois Prevailing Wage Act, that it has reviewed the regulations promulgated thereunder, and that it understands the obligations imposed on it by this Section XI.E.
- F. **Prevailing Wages (North Building Project).** Developer acknowledges that the Illinois Department of Labor currently takes the position as a matter of its enforcement policy that the TIF Incentive Rebate relative to the North Building Project under this Agreement does not subject the North Building Project to the Illinois Prevailing Wage Act (820 ILCS 130/0.01 *et seq.*) unless the North Building Project also receives funding from another public source. The Village makes no representation as to any such application of the Prevailing Wage Act to the North Building Project, and any failure by the Developer to comply with the Illinois Prevailing Wage Act, relative to the North Building Project, if and to the extent subsequently found to be applicable to the North Building Project, by any legal authority having jurisdiction, shall not be deemed an "Event of Default" under this Agreement. Notwithstanding the foregoing sentence, the Developer agrees to assume all responsibility for any such compliance (or noncompliance) with the Illinois Prevailing Wage Act in connection with the North Building Project under this Agreement in the event of any action by any party to enforce its provisions.
- G. **Employment Opportunities.** To the extent feasible, the Developer shall make reasonable efforts to notify Village residents of employment opportunities that are available relative to the Projects, and, to the extent permitted by law, make reasonable efforts to employ qualified residents of the Village in relation to the Projects.

XII. ADHERENCE TO VILLAGE CODES AND ORDINANCES

Except as otherwise provided for in this Agreement, all development and construction of each of the Projects shall comply in all respects with the provisions in the building, plumbing, mechanical, electrical, storm water management, fire prevention, property maintenance, zoning and subdivision codes of the Village and all other germane codes and ordinances of the Village in effect from time to time during the course of construction of each of the Projects.

XIII. REPRESENTATIONS AND WARRANTIES OF DEVELOPER

Developer represents, warrants and agrees as the basis for the undertakings on its part herein contained that as of the date hereof and until completion of each of the Projects:

- A. **Existence and Authority of Developer.** The Developer is a corporation, duly organized and existing under the laws of Delaware, authorized to do business in Illinois, and is authorized to and has the power to enter into, and by proper action has been duly authorized to execute, deliver and perform, this Agreement. To Developer's knowledge, there are no actions at law or similar proceedings which are pending or threatened against Developer which would result in any material and adverse change to Developer's financial condition, or which would materially and adversely affect the level of Developer's assets as of the date of this Agreement or that would materially and adversely affect the ability of Developer to proceed with the construction and development of the Projects.
- B. **No Conflict by Developer.** Neither the execution and delivery of this Agreement by Developer, the consummation of the transactions contemplated hereby by Developer, nor the fulfillment of or compliance with the terms and conditions of this Agreement by Developer conflicts with or will result in a breach of any of the terms, conditions or provisions of any offerings or disclosure statement made or to be made on behalf of Developer (with Developer's prior written approval), any organizational documents, any restriction, agreement or instrument to which Developer is now a party or by which Developer is bound, or constitutes a default under any of the foregoing, or results in the creation or imposition of any prohibited lien, charge or encumbrance whatsoever upon any of the assets or rights of Developer under the terms of any instrument or agreement to which Developer is now a party or by which Developer is bound.
- C. **Adequate Resources of Developer.** As of the Effective Date, the Developer has sufficient financial and economic resources to implement and complete the Developer's obligations contained in this Agreement.

- D. **No Adverse Notices to Developer.** The Developer has not received any notice from any local, State or federal official that the activities of the Developer with respect to the Property or the Projects may or will be in violation of any environmental law or regulation. The Developer is not aware of any State or federal claim filed or planned to be filed by any person relating to the Property or the Projects and any violation of any local, State or federal environmental law, regulation or review procedure, and the Developer is not aware of any violation of any local, State or federal law, regulation or review procedure which would give any person a valid claim under any State or federal environmental statute relative to the Property or the Projects.
- E. Developer represents and warrants to the Village that Developer, and its respective principals, are experienced in the development of projects similar or comparable to the Projects, and are able to provide each of the Projects with the necessary skill, knowledge and expertise as well as input from other experts and consultants in the construction and operation of such Projects.
- F. Developer and successor owners agree to pay or cause to be paid all general and special real estate taxes levied during their respective period of ownership against their respective interest in each of the Projects on or prior to the date same is due and said taxes shall not become delinquent. Developer and successor owners shall deliver evidence of payment of such taxes to the Village upon request.
- G. Developer represents and warrants to the Village that, in connection with this transaction, no third-party broker or finder has been engaged or consulted by it, or its subsidiaries or agents or employees, or, through such the Developer's actions (or claiming through such party), which is entitled to compensation as a consequence of this transaction.

XIV. COMPLIANCE WITH CONTRACTING LAWS

The Developer further certifies that the Developer:

- A. Is not barred from contracting with any unit of State or local government as a result of violating Section 33E-3 or 33E-4 of the Illinois Criminal Code (720 ILCS 5/33E-3 and 33E-4);
- B. Shall comply with the Illinois Drug Free Work Place Act;
- C. Shall comply with the Equal Opportunity Clause of the Illinois Human Rights Act and the Rules and Regulations of the Illinois Department of Human Rights;

- D. Shall comply with the Americans with Disabilities Act and Article 2 of the Illinois Human Rights Act (775 ILCS 5/2-101 *et seq.*);
- E. Shall make sure that any construction contracts entered into by the Developer relating to the construction of either of the Projects shall require all contractors and subcontractors to comply with the Illinois Fair Employment Practices Act;
- F. Is not delinquent in the payment of any tax administered by the Illinois Department of Revenue nor is delinquent in the payment of any money owed to the Village; and
- G. Shall comply with all applicable federal, State and county laws and regulations relating to minimum wages to be paid to employees, limitations upon the employment of minors, minimum fair wage standards for minors, payment of wages due employees, and health and safety of employees. The Developer agrees to pay its employees, if any, all rightful salaries, medical benefits, pensions and social security benefits pursuant to applicable labor agreements and federal and State statutes, and further agrees to make all required withholdings and deposits therefore. The Developer agrees to maintain full compliance with changing government requirements that govern or apply to the construction of each of the Projects. The Developer understands and agrees that the most recent of such federal, State and county laws and regulations will govern the administration of this Agreement at any particular time and may be established after the date of this Agreement has been executed and may apply to this Agreement and the Projects. Any lawsuit or complaint of violation of laws that is received by the Developer relative to this Agreement or the Projects shall be immediately forwarded to the Village Manager.

XV. REPRESENTATIONS AND WARRANTIES OF THE VILLAGE

The Village represents and warrants to the Developer as follows:

- A. **Existence.** The Village is an Illinois non-home rule municipal corporation duly organized and validly existing under the laws of the State of Illinois, and has all requisite corporate power and authority to enter into this Agreement.
- B. **Authority.** The execution, delivery and the performance of this Agreement and the consummation by the Village of the transactions provided for herein and the compliance with the provisions of this Agreement:

1. have been duly authorized by all necessary corporate action on the part of the Village; and
 2. shall not, by lapse of time, giving of notice or otherwise result in any breach of any term, condition or provision of any indenture, agreement or other instrument to which the Village is subject.
- C. **Litigation.** To the best of the Village's knowledge, there are no proceedings pending or threatened against or affecting the Village or the TIF District in any court or before any governmental authority which involves the possibility of materially or adversely affecting the ability of the Village to perform its obligations under this Agreement.
- D. The Village represents and warrants to the Developer that, in connection with this transaction, no third-party broker or finder has been engaged or consulted by it, or its subsidiaries or agents or employees, or, through such the Village's actions (or claiming through such party), is entitled to compensation as a consequence of this transaction.

XVI. INSURANCE

- A. The Developer, and any successor in interest to the Developer, shall obtain and continuously maintain insurance on the Property and the Projects and, from time to time at the request of the Village, furnish proof to the Village evidence that the premiums for such insurance have been paid and the insurance is in effect. The insurance coverage described below is the minimum insurance coverage that the Developer must obtain and continuously maintain, provided that the Developer shall obtain the insurance described in Section XVI.A.1. below prior to the commencement of construction of any portion of each of the Projects:
1. Builder's risk insurance, written on the so-called "Builder's Risk - Completed Value Basis," in an amount equal to one hundred percent (100%) of the insurable value of each of the Projects at the date of completion, and with coverage available in non-reporting form on the so-called "all risk" form of policy.
 2. Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, completed operations and contractual liability insurance) together with an Owner's/Contractor's Policy on a primary non-contributory basis naming the Village and its officers, agents and employees as additional insureds, with limits against bodily injury and property damage of not less than \$5,000,000.00 for each occurrence (to

accomplish the above-required limits, an umbrella excess liability policy may be used), written on an occurrence basis.

3. Workers compensation insurance, with statutory coverage if applicable to the Developer.
- B. All insurance required in this Section XVI. shall be obtained and continuously maintained through responsible insurance companies selected by the Developer or its successors that are authorized under the laws of the State to assume the risks covered by such policies. Unless otherwise provided in this Section XVI., cancellation relative to each policy shall be as provided by the policy; however, the Village must be named as a cancellation notice recipient. Not less than fifteen (15) days prior to the expiration of any policy, the Developer, or its successor or assign, must renew the existing policy or replace the policy with another policy conforming to the provisions of this Section XVI. In lieu of separate policies, the Developer or its successor or assign, may maintain a single policy, blanket or umbrella policies, or a combination thereof, having the coverage required herein.

XVII. INDEMNIFICATION, HOLD HARMLESS AND RELEASE PROVISIONS

- A. Developer releases from and covenants and agrees that the Village, its governing body members, officers, agents, including independent contractors, consultants, attorneys, servants and employees thereof (for purposes of this Section XVII., collectively the "Village Indemnified Parties") shall not be liable for, and agrees to indemnify and hold harmless the Village Indemnified Parties against any loss or damage to property or any injury to or death of any person occurring at or about or resulting from any defect in the Projects or the Property or arising pursuant to the Developer's obligations or warranties under this Agreement, including, but not limited to, the Developer's obligations under Sections XI.E. and F. above, or actions in furtherance thereof to the extent not attributable to the gross negligence or willful misconduct of the Village Indemnified Parties; provided, that this waiver shall not apply to the warranties made or obligations undertaken by the Village in this Agreement. This subsection shall survive the assignment or termination of this Agreement.
- B. Except for gross negligence or willful misconduct of the Village Indemnified Parties, Developer agrees to indemnify the Village Indemnified Parties, now and forever, and further agrees to hold the aforesaid harmless from any claims, demands, suits, costs, expenses (including reasonable attorney's fees), actions or other proceedings whatsoever by any person or entity whatsoever arising or purportedly arising from the actions or inactions of Developer (or if other Persons acting on their behalf or under its direction or control) under this

Agreement, including, but not limited to, the Developer's obligations under Sections XI.E. and F. above, or the transactions contemplated hereby or the acquisition, construction, installation, ownership, and operation of each of the Projects. This subsection shall survive the assignment or termination of this Agreement.

- C. Except as otherwise set forth herein, the Village makes no warranties or representations regarding, nor does it indemnify the Developer with respect to, the existence or nonexistence on or in the vicinity of the Property, or anywhere within the TIF District of any toxic or hazardous substances or wastes, pollutants or contaminants (including, without limitation, asbestos, urea formaldehyde, the group of organic compounds known as polychlorinated biphenyls, petroleum products including gasoline, fuel oil, crude oil and various constituents of such products, or any hazardous substance as defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980 ("CERCLA"), 42 U.S.C. §§ 9601-9657, as amended) (collectively, the "Hazardous Substances"). The foregoing disclaimer relates to any Hazardous Substance allegedly generated, treated, stored, released or disposed of, or otherwise placed, deposited in or located on or in the vicinity of the Property, or within the TIF District, as well as any activity claimed to have been undertaken on or in the vicinity of the Property, that would cause or contribute to causing (1) the Property to become a treatment, storage or disposal facility within the meaning of, or otherwise bring the Property within the ambit of, the Resource Conservation and Recovery Act of 1976 ("RCRA"), 42 U.S.C. §6901 *et seq.*, or any similar State law or local ordinance, (2) a release or threatened release of toxic or hazardous wastes or substances, pollutants or contaminants, from the Property, within the meaning of, or otherwise bring the Property within the ambit of, CERCLA, or any similar State law or local ordinance, or (3) the discharge of pollutants or effluents into any water source or system, the dredging or filling of any waters or the discharge into the air of any emissions, that would require a permit under the Federal Water Pollution Control Act, 33 U.S.C. §1251 *et seq.*, or any similar State law or local ordinance. Further, the Village makes no warranties or representations regarding, nor does the Village indemnify the Developer with respect to, the existence or nonexistence on or in the vicinity of the Projects, or anywhere within the Property or the TIF District, of any substances or conditions in or on the Property, that may support a claim or cause of action under RCRA, CERCLA, or any other federal, State or local environmental statutes, regulations, ordinances or other environmental regulatory requirements. The Village makes no representations or warranties regarding the existence of any above ground or underground tanks in or about the Property, or whether any above or underground tanks have been located under, in or about the Property have subsequently been removed or filled. The Village warrants and represents to Developer that it has not received notice, other than as

already provided to the Developer by the Village in the environmental reports provided to the Developer by the Village, from any agency, individual or entity of any violation of any environmental law relating to any Hazardous Substances affecting the Property.

- D. The Developer waives any claims against the Village Indemnified Parties, and their members and boards, for indemnification, contribution, reimbursement or other payments arising under federal, State and common law relating to the environmental condition of the land comprising the Property.
- E. No liability, right or claim at law or inequity shall attach to or shall be incurred by the Village's Corporate Authorities, officers, officials, attorneys, agents and/or employees as a result of this Agreement, and any such rights or claims of the Developer against the Village's Corporate Authorities, officers, officials, attorneys, agents and/or employees are hereby expressly waived and released as a condition of and as consideration for the execution of this Agreement by the Village.

XVIII. EVENTS OF DEFAULT AND REMEDIES

- A. **Developer Events of Default.** The following shall be Events of Default with respect to this Agreement:
 - 1. If any material representation made by Developer in this Agreement, or in any certificate, notice, demand or request made by a Party hereto, in writing and delivered to the Village pursuant to or in connection with any of said documents, shall prove to be untrue or incorrect in any material respect as of the date made; provided, however, that such default shall constitute an Event of Default only if Developer does not remedy the default, within thirty (30) days after written notice from the Village and in any event (subject to Uncontrollable Circumstances) cures such default within ninety (90) days after such notice.
 - 2. Default by Developer for a period of thirty (30) days after written notice thereof in the performance or breach of any material covenant contained in this Agreement concerning the existence, structure or financial condition of Developer; provided, however, that such default or breach shall not constitute an Event of Default if such default cannot be cured within said thirty (30) days and Developer, within said thirty (30) days, initiates and diligently pursues appropriate measures to remedy the default and in any event (subject to Uncontrollable Circumstances) cures such default within sixty (60) days after such notice.

3. Default by Developer for a period of thirty (30) days after written notice thereof in the performance or breach of any material covenant, warranty or obligation contained in this Agreement; provided, however, that such default shall not constitute an Event of Default if such default cannot be cured within said thirty (30) days and the Developer, within said thirty (30) days initiates and diligently pursues appropriate measures to remedy the default and in any event (subject to Uncontrollable Circumstances) cures such default within sixty (60) days after such notice.
4. The entry of a decree or order for relief by a court having jurisdiction in the premises in respect of Developer in an involuntary case under the federal bankruptcy laws, as now or hereafter constituted, or any other applicable federal or State bankruptcy, insolvency or other similar law, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of Developer for any substantial part of its property, or ordering the winding-up or liquidation of its affairs and the continuance of any such decree or order unstayed and in effect for a period of sixty (60) consecutive days.
5. The commencement by Developer of a voluntary case under the federal bankruptcy laws, as now or hereafter constituted, or any other applicable federal or State bankruptcy, insolvency or other similar law, or the consent by Developer to the appointment of or taking possession by a receiver, liquidator, assignee, trustee, custodian, sequestrator (or similar official) of Developer or of any substantial part of the Property, or the making by any such entity of any assignment for the benefit of creditors or the failure of Developer generally to pay such entity's debts as such debts become due or the taking of action by Developer in furtherance of any of the foregoing, or a petition is filed in bankruptcy by others.
6. Failure to have funds as timely required to meet Developer's obligations to construct either of the Projects.
7. A sale, assignment, or transfer of either of the Projects, except in accordance with this Agreement.
8. Material change in the management of Developer, except in accordance with this Agreement.
9. Developer abandons either of the Projects on the Property. Abandonment shall be deemed to have occurred when work stops on the Property for more than thirty (30) consecutive days for any reason other than Uncontrollable Circumstances and such work is

not resumed within thirty (30) days of written demand by the Village.

10. Developer fails to comply with applicable governmental codes and regulations in relation to the construction and maintenance of either of the Projects contemplated by this Agreement and such failure continues for more than thirty (30) days after written notice thereof from the Village; provided, however, that such default or breach shall not constitute an Event of Default if such default cannot be cured within said thirty (30) days and Developer, within said thirty (30) days, initiates and diligently pursues appropriate measures to remedy the default and in any event (subject to Uncontrollable Circumstances) cures such default within sixty (60) days after such notice. The maintenance requirement of this provision shall not be covered by and shall survive any certificate of occupancy or Estoppel Certificate (as provided for in Section XX.Q. below) of any kind issued during the term of this Agreement.
11. A material representation or warranty of Developer is not true for a period of thirty (30) days after written notice from the Village; provided, however, that such default or breach shall not constitute an Event of Default if such default cannot be cured within said thirty (30) days and Developer, within said thirty (30) days, initiates and diligently pursues appropriate measures to remedy the default and in any event (subject to Uncontrollable Circumstances) cures such default within sixty (60) days after such notice.

B. Village Events of Default. The following shall be Events of Default with respect to this Agreement:

1. If any material representation made by the Village in this Agreement, or in any certificate, notice, demand or request made by a Party hereto, in writing and delivered to Developer pursuant to or in connection with any of said documents, shall prove to be untrue or incorrect in any material respect as of the date made; provided, however, that such default shall constitute an Event of Default only if the Village does not remedy the default, within thirty (30) days after written notice from Developer.
2. Default by the Village in the performance or breach of any material covenant contained in this Agreement concerning the existence, structure or financial condition of the Village; provided, however, that such default or breach shall constitute an Event of Default if the Village does not, within thirty (30) days after written notice from Developer, initiate and diligently pursue appropriate measures to remedy the default.

3. Default by the Village in the performance or breach of any material covenant, warranty or obligation contained in this Agreement; provided, however, that such default shall not constitute an Event of Default if the Village, commences cure within thirty (30) days after written notice from Developer, and in any event cures such default within sixty (60) days after such notice, subject to Uncontrollable Circumstances.

C. **Remedies for Default.** In the case of an Event of Default hereunder:

1. The defaulting Party shall, upon written notice from the non-defaulting Party, take immediate action to cure or remedy such Event of Default. If, in such case, any monetary Event of Default is not cured, or if in the case of a non-monetary Event of Default, action is not taken or not diligently pursued, or if action is taken and diligently pursued but such Event of Default or breach shall not be cured or remedied within a reasonable time, but in no event more than thirty (30) additional days, unless extended by mutual agreement, the non-defaulting Party may institute such proceedings as may be necessary or desirable in its/their opinion to cure or remedy such Event of Default, including, but not limited to, proceedings to compel specific performance of the defaulting Party's obligations under this Agreement.
2. In case the Village shall have proceeded to enforce its rights under this Agreement and such proceedings shall have been discontinued or abandoned for any reason, then, and in every such case, the Developer and the Village shall be restored respectively to their several positions and rights hereunder, and all rights, remedies and powers of the Developer and the Village shall continue as though no such proceedings had been taken.
3. In the case of an Event of Default by the Developer, in addition to any other remedies at law or in equity, the Village may declare this Agreement null and void, and shall be relieved of its obligations under this Agreement.
4. In no event shall either Party be liable to the other for any consequential or punitive damages suffered as a result of a default under this Agreement.

D. **Agreement to Pay Attorneys' Fees and Expenses.** In the event an Event of Default is not cured within the applicable cure periods and the Parties employ an attorney or attorneys or incur other expenses for the collection of the payments due under this Agreement or the enforcement

of performance or observance of any obligation or agreement herein contained, the non-prevailing Party shall pay, on demand, the prevailing Party's reasonable fees of such attorneys and such other reasonable expenses in connection with such enforcement action.

- E. **No Waiver by Delay or Otherwise.** Any delay by any Party in instituting or prosecuting any actions or proceedings or otherwise asserting its rights under this Agreement shall not operate to act as a waiver of such rights or to deprive it of or limit such rights in any way (it being the intent of this provision that any Party should not be deprived of or limited in the exercise of the remedies provided in this Agreement because of concepts of waiver, laches or otherwise); nor shall any waiver in fact made with respect to any specific Event of Default be considered or treated as a waiver of the rights by the waiving Party of any future Event of Default hereunder, except to the extent specifically waived in writing. No waiver made with respect to the performance, nor the manner or time thereof, of any obligation or any condition under this Agreement shall be considered a waiver of any rights except if expressly waived in writing.

- F. **Rights and Remedies Cumulative.** The rights and remedies of the Parties to this Agreement, whether provided by law or by this Agreement, shall be cumulative, and the exercise of any one or more of such remedies shall not preclude the exercise by such Party, at that time or different times, of any other such remedies for the same Event of Default.

- G. **Legal and Other Fees and Expenses.** Other than for demands, suits, costs, expenses (including reasonable attorney's fees), actions or other proceedings covered by Section XVII. above, in the event that any third party or parties institute any legal proceedings against the Developer and/or the Village, which relate to the terms of this Agreement, then, in that event, the Parties shall cooperate in the defense of any such lawsuit, with each Party assuming, fully and vigorously, its own defense of such lawsuit, and all costs and expenses of its own defense, of whatever nature (including attorney's fees).

- C. **Contractors.** Any contracts made by Developer with any general contractor, agent, employee, independent contractor or any other Person in connection with either of the Projects shall contain language similar to that recited in Sections XIX.A. and B. above. The Developer shall make reasonable efforts to incorporate language similar to that recited in Sections XIX.A. and B. in any leases made by Developer in connection with either of the Projects.

XX. MISCELLANEOUS PROVISIONS

Further, the cancellation or termination of this Agreement shall have no effect on the authorizations granted to Developer for buildings, or the remodeling of any building, permitted and under construction, to the extent permitted by said court order; and the cancellation or termination of this Agreement shall have no effect on perpetual easements contained in any recorded, properly executed document.

This Agreement is not intended to and does not create any third party beneficiary rights whatsoever.
- K. **Waiver.** Any Party to this Agreement may elect to waive any right or remedy it may enjoy hereunder, provided that no such waiver shall be

**AUTHORIZATION, ACKNOWLEDGMENT AND
INDEMNIFICATION FOR TESTING WORK
AND TEMPORARY ACCESS AGREEMENT**

This Authorization, Acknowledgment and Indemnification for Testing Work and Temporary Access Agreement ("Agreement") is entered into this _____ day of _____, 2019, by and between the VILLAGE OF LOMBARD, an Illinois non-home rule municipal corporation, DuPage County, Illinois (hereinafter "Village"), and HOLLADAY PROPERTY SERVICES MIDWEST, INC., a Delaware corporation licensed to do business in Illinois ("Developer"), and is being entered into in furtherance of that Redevelopment Agreement for the Holladay North Development and the Holladay South Development Comprising a Part of the Downtown TIF District of the Village of Lombard, Illinois, dated _____, 2019 (the "Redevelopment Agreement"). The Village and Developer are at times referred to herein individually as a "Party" and collectively as the "Parties."

WHEREAS, the Village owns that property located within the Village's boundaries, as legally described on Exhibit 1 attached hereto and made a part hereof, commonly known as 101-109 South Main Street, Lombard, Illinois (the "Village's Property"); and

WHEREAS, Developer seeks the Village's permission for Developer, its employees, agents and/or independent contractors to enter upon, inspect and/or conduct testing activities and applications concerning the Village's Property pursuant to the terms contained in this Agreement (the "Work"); and

WHEREAS, the Village is willing to grant Developer a limited right of access to the Village's Property to perform the Work upon the terms and conditions set forth in this Agreement;

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, the Parties agree as follows:

1. Village agrees that Developer and its employees, agents and independent contractors (collectively, "Developer's Representatives") shall have the right to enter upon the Village's Property to: (i) inspect the Village's Property, including conducting a Phase I environmental site assessment; (ii) conduct reasonable tests thereon; and (iii) make such other examinations with respect thereto as Developer, or its counsel, licensed engineers, surveyors or other representatives may deem reasonably necessary; provided, however, Developer shall not conduct any subsurface or environmental investigations of the Village's Property (excepting only a non-invasive Phase I environmental assessment) without Village's prior written consent, which consent shall not be unreasonably withheld. Any tests, examinations or inspections of the Village's Property by Developer and all costs and expenses in connection with such testing, examination, and inspection of the Village's Property shall be at the sole cost of Developer.

Developer may engage only qualified, independent contractors, subcontractors or consultants to assist with any environmental investigation of the Village's Property (Phase I and/or Phase II) and/or other Work on the Village's Property; however, no contractual, legal or other relationship will be created between Village and any such contractor, subcontractor or consultant as a result. The inspection shall not create any obligation on the part of Village to pay or to see that the payment of any sum is made to any such contractor, subcontractor or consultant.

In the event Developer elects to perform any environmental study (such as a Phase I or Phase II environmental study) with respect to the Village's Property and/or other Work on the Village's Property, Developer agrees that:

- (a) Developer shall provide Village with a copy of the proposed scope of work in connection with any such Work and any and all modifications thereof, which scope of work shall be subject to the reasonable approval of Village;
- (b) Developer shall provide Village with a verbal report of the consultant's site visit and a copy of the test data as soon as it is available;
- (c) Developer shall provide Village with copies of the report in draft form in order to review it and provide comments before such report is finalized;
- (d) Developer shall provide Village with a copy of the final reports (Phase I and/or Phase II);
- (e) Developer agrees that any reporting or disclosure obligation shall be performed by Village; and
- (f) Developer shall notify Village at least five (5) business days prior to such tests, specifying a time and date when such tests will be performed so that Village's designee(s) may, at its option, be available during the taking of such tests and, at Village's option and expense, Village may take split samples of any test borings. Any tests, examinations or inspections of the Village's Property by Developer and all costs and expenses in connection with such inspection of the Village's Property (or any part thereof) shall be at the sole cost of Developer shall be performed in a manner not to interfere with Village's or any other person's use of the Village's Property and shall not violate any law or regulation of any governmental authority.

To the extent Developer's inspections or tests disclose the presence of any existing contamination on the Village's Property in violation of applicable law, then upon becoming aware of any hazardous substance, Developer shall immediately cease any further testing and shall notify Village of the existence of such hazardous substance and provide such reasonable information as Village may request in connection therewith.

2. The proposed Work shall be located and constructed as agreed by the Parties. Developer's Representatives shall at all times conduct the Work in such a manner as to minimize hazards to those using the Village's Property. Developer agrees to assume all health and safety risks associated directly or indirectly with the Work. All signs required for safety purposes shall be furnished by Developer's Representatives. No revisions or additions shall be made to the proposed Work on the Village's Property without the written permission of the Village Manager. Developer's Representatives and its contractors and agents shall not interfere with the Village's operations during the course of the installation, testing or other operations authorized by this Agreement. Developer's Representatives shall take all steps necessary to keep the Village's Property available for its intended purposes. Developer's Representatives shall schedule the Work on days and times acceptable to the Village Manager. Developer's Representatives acknowledge and agree that the Village may require, at any time, Developer's Representatives to vacate all or part of the Village's Property. The Village shall not be held responsible in any way for any losses, damages or expenses suffered by Developer's Representatives in Developer's Representatives' vacating the Village's Property. The Village is

not responsible for any damage caused by the Village or otherwise to Developer's Representatives' equipment, property or Work. Developer's Representatives shall bear the sole and entire risk of their property or equipment being located on the Village's Property.

3. Developer's Representatives shall consult with the local utility companies to determine the existence and location of electrical, gas, water, cable and telephone service on the Village's Property. Developer's Representatives shall be solely responsible for selecting the location for any ground penetration work provided, however, that any proposed soil borings shall be located and constructed to the satisfaction of the Village Manager or his duly authorized representatives. Developer shall indemnify and hold the Village, its elected officials, officers, servants, employees, agents and successors and assigns both in their individual and official capacities (collectively, "Village Affiliates") harmless from any and all liability that may be incurred by damage or repair to utilities caused by the acts of Developer's Representatives, and their officers, employees, servants, subcontractors and agents.

4. Developer's Representatives shall not trim, cut or in any way disturb any trees or shrubbery on the Village's Property without the written approval of the Village Manager or his duly authorized representative. Developer's Representatives will not do or permit any act or thing which may impair the value of the Village's Property or that materially increases the dangers or poses an unreasonable risk of harm to persons on or off the Village's Property arising from activities thereon, or that constitutes a public or private nuisance or waste to the Village's Property or any part thereof. Developer's Representatives shall ensure the Village's Property is free from all accumulations of waste material or rubbish caused directly or indirectly by the Work. Neither Developer's Representatives nor its contractors shall represent or hold themselves out as employees or agents of the Village. This Agreement does not create any legal relationship such as a joint venture or partnership between the Village and Developer's Representatives. In performing the Work hereunder, it is understood that Developer's Representatives are acting as independent contractors and that any workers and any and all employees, agents, and representatives of such workers retained for the Work hereunder shall not be deemed, for any purpose, to be agents, servants, and/or employees of the Village. The Village is not undertaking by virtue of this Agreement any responsibility or liability for compliance with any laws, rules or regulations relating to contamination or the depositing, transporting, storage or control of any wastes within the area of the Village's Property; nor shall the Village undertake any responsibility or liability for the testing, remediation, depositing, transporting, storing or disposing of any hazardous materials whatsoever. The Village shall not undertake any responsibility or liability for the means or methods used by Developer's Representatives, or any worker in any construction, testing, remediation, depositing, transporting, storing or disposing of any material from the Village's Property. The Village will not be identified at any time, in any place, document or manifest as the owner, operator or transporter of material, soil, water or liquid taken from the Village's Property. Prior to performing Work hereunder, Developer shall provide to the Village the following information:

- (a) a list and key contacts of all workers that will be used to perform the Work. Developer's Representatives shall immediately notify the Village of any changes to that list;
- (b) the name, address and telephone numbers and other pertinent information of each person who can be contacted in the event of an emergency situation at the Village's Property or related to the Work;

- (c) identification of equipment and materials to be used or stored on the Village's Property which must be approved by the Village Manager;
- (d) a list and copies of all required permits; and
- (e) a Work project schedule.

5. In the course of performing the Work, Developer's Representatives shall not use the Village's Property for any activities involving the use, generation, treatment, storage or disposal of any hazardous or toxic chemical, material, substance or waste. Developer's Representatives shall not conduct any activity on the Village's Property or use the Village's Property in any manner (i) which would cause the Village's Property to become a hazardous waste treatment, storage or disposal facility, (ii) so as to cause a release or threat of a release of hazardous waste from the Village's Property, or (iii) so as to cause a discharge of pollutants or effluents into any water source or system.

6. In consideration for the Village's agreement to permit Developer's Representatives to enter the Village's Property to perform the Work contemplated by this Agreement, Developer agrees as follows:

- (a) Developer shall defend, indemnify and hold harmless the Village and the Village Affiliates and each of them, from and against any and all civil liabilities, actions, responsibilities, obligations, losses, damages, and claims, and all costs and expenses, including but not limited to attorney's fees and expenses (collectively, "Losses") pursuant to any federal, state and local laws (including the common law), statutes, ordinances, rules, regulations and other requirements relating to or which the Village and/or the Village Affiliates may incur from or on account of (either directly or indirectly) the Work performed hereunder, including but not limited to any Losses incurred which are based on tort law, wrongful death, and/or a personal injury claim, suit or action and/or any Losses relating to environmental investigation, cleanup, or abatement, whether asserted or unasserted, direct or indirect, existing or inchoate, known or unknown, having arisen or to arise in the future, and in any manner whatsoever incurred relating to (i) any condition of the Village's Property (including the groundwater there under) or the existence of Hazardous Substances (herein defined as that term is defined in 42 U.S.C. §9601(14), Hazardous Waste (herein defined as that term is defined in 42 U.S.C. §6903(5)) or Petroleum (herein defined as that term is defined in 42 U.S.C. §6991(8)), on or emanating from the Village's Property (including the groundwater there under); (ii) the violation or claimed violation on the Village's Property (including the groundwater there under) of any environmental law or regulation (including civil penalties sought to be imposed by governmental authorities for such violations); (iii) any condition of any property (including groundwater) or surface water alleged to have been caused by the migration, transportation, release (as defined by 42 U.S.C. §9601(22)) or threatened release (as defined by 42 U.S.C. §9601 (22)) of Hazardous Substances, Hazardous Waste, or Petroleum on or from the Village's Property (including the groundwater there under); and the imposition of any lien for the recovery of any costs related to the migration, release, or threatened release of Hazardous Substances, Hazardous Waste, or Petroleum (or allegations of the same) on or from the Village's Property (including the groundwater there under).

3. The Village of Lombard, an Illinois non-home rule municipal corporation, (the "Seller") agrees to sell the Property, at the Purchase Price and on the terms and the conditions set forth herein, and to convey or cause to be conveyed to Purchaser thereto by a recordable Special Warranty Deed (the "Deed") subject to the Permitted Exceptions, together with the any and all personal property, including fixtures presently located thereon, if any, which the Seller shall execute and deliver to Purchaser pursuant to a bill of sale.
4. Seller shall, within thirty (30) days after the Effective Date (as defined below) of this Contract, deliver to Purchaser, at Seller's sole cost and expense, a current as-built ALTA/ACSM survey (the "Survey") of the Property, prepared by a registered land surveyor or engineer, licensed in the State of Illinois, prepared in accordance with the Minimum Standard Detail Requirements of a Class A Land Title Survey jointly established by the American Land Title Association and the American Congress on Surveying and Mapping, certified to the Title Company, Purchaser, and any lender of which Seller shall be notified, and in form sufficient to provide ALTA coverage and satisfy all reasonable lender requirements, if applicable. The Survey shall depict and include, without limiting the foregoing: the present location of all improvements or structures on the Property, including all encroachments of any part thereof onto adjoining land and all encroachments of any part of adjoining improvements onto the Property, parking spaces (by location and number), building lines and all easements whether recorded or visible (and, if recorded, by specific reference to recorded document numbers); access to public roads or ways; all underground and above ground utilities servicing the Property; and identification of each Permitted Exception capable of being geographically located, by locating the same on the Survey with reference to recording information. The Survey must be sufficient to cause the Title Company (as defined below) to delete the standard printed survey exception and to issue the title policy free from any survey objections or exceptions whatsoever, other than the Permitted Exceptions. Within thirty (30) days of receipt of the Survey, Purchaser and Seller shall agree in writing on those Survey exceptions subject to which Purchaser shall take title to the Property.

Upon approval of the Survey by Seller and Purchaser, the legal description in Exhibit 1 shall be automatically revised to be that of the legal description in the Survey and Title Commitment. At either party's request, any changes to the legal description shall be confirmed in writing signed by both parties.

5. CONDITIONS AND STIPULATIONS

1. Seller shall deliver to Purchaser, within thirty (30) days of the Effective Date of this Contract, a title commitment issued by Chicago Title Insurance Company (the "Title Company"), with the cost of said title commitment to be shared equally by Seller and Purchaser, in the amount of the Purchase Price, with extended coverage over the standard exceptions 1 through 5, (the "Title Commitment"), together with copies of all underlying title documents listed in the Title Commitment (the "Underlying Title Documents"), subject only to (i) covenants, conditions, restrictions and easements of record; (ii) all applicable laws and ordinances affecting the Property, including but not limited to, zoning, subdivision, public health, environmental and building; (iii) public and private easements, recorded and unrecorded for utilities and drainage and other purposes over, under and upon the Property; (iv) the restrictions and reservations, if any, contained in the Deed, provided that (i), (ii), (iii) and (iv) do not prevent the Purchaser, in Purchaser's reasonable judgment, from being able to proceed with each of the Projects, as defined in the Redevelopment Agreement; (v) 2018 and 2019 general real estate taxes not yet due and payable and subsequent years; and (vi) acts done or suffered by or judgments against Purchaser (collectively, the "Permitted Exceptions"). If the Title Commitment, Underlying Title Documents or the Survey (as defined above) disclose exceptions to title, which are not acceptable to Purchaser, (the "Unpermitted Exceptions"), Purchaser shall have thirty (30) days from the later of the delivery of the Title Commitment, the Underlying Title Documents and the Survey to object to the Unpermitted Exceptions. Purchaser shall provide Seller with a title and survey objection letter (the "Purchaser's Objection Letter") listing those matters, which are not acceptable to Purchaser. Seller shall have thirty (30) days from the date of delivery of the Purchaser's Objection Letter ("Seller's Cure Period") to have the Unpermitted Exceptions removed from the Title Commitment or to cure such Unpermitted Exceptions or to have the Title Company commit to insure against loss or damage that may be occasioned by such Unpermitted Exceptions or to cure any Survey Defects, the time of Closing shall be extended thirty (30) days (the "Extended Title Closing Date") after Purchaser's receipt of a proforma title policy (the "Proforma Title Policy") reflecting the Title Company's commitment to insure the Unpermitted Exceptions. If Seller fails to have the Unpermitted Exceptions removed or in the alternative, to obtain a Title Commitment insuring the Unpermitted Exceptions or correcting the Survey Defects within the specified time, Purchaser may elect to either (i) terminate this Contract, or (ii) upon notice to Seller within ten (10) days after Purchaser's receipt of Seller's intention not to cure the Unpermitted Exceptions or Survey Defects, to take title as it then is with the right to deduct from the Purchase Price any liens or encumbrances of a definite or ascertainable amount which are listed in the Title Commitment. All Unpermitted Exceptions, which the Title Company commits to insure, shall be included within the definition of Permitted Exceptions. The Proforma Title Policy shall be conclusive evidence of good title as shown therein as to all matters insured by the Title Company, subject only to the Permitted Exceptions. If Purchaser does not so elect, this Contract shall become null and void without further action of the parties. Seller also shall furnish Purchaser an affidavit of title in customary form covering the date of Closing and showing title in Seller subject only to the Permitted Exceptions and any Unpermitted Exceptions or defects in the title disclosed by the Survey, if any, as to which the title insurer commits to extend insurance in the manner specified in this Paragraph.
2. General Property taxes, if any, shall be prorated as of the closing date on the basis of the prior year's taxes increased five percent (5%), unless the Seller has obtained an exemption for payment of real estate taxes from the Department of Revenue, in which event, the Purchaser shall be responsible for payment of real estate taxes on the day of Closing through, to and including December 31st of the year of the Closing, and subsequent years.
3. The provisions of the Uniform Vendor and Purchaser Risk Act of the State of Illinois shall be applicable to this Contract.

4. In the event Seller fails to close this transaction in accordance with the terms hereof, the Purchaser may either seek specific performance or terminate its obligations hereunder, and, in the event of termination, all sums paid hereunder by Purchaser to the Seller or to the Title Company shall be refunded to Purchaser without deduction, together with any interest earned thereon.
5. This sale shall be closed through an escrow with the Title Company, in accordance with the general provisions of the usual form of Deed and Money Escrow Agreement then in use by the Title Company, with such special provisions inserted in the escrow agreement as may be required to conform with this Contract. Upon the creation of such an escrow, anything herein to the contrary notwithstanding, payment of the Purchase Price and delivery of the Special Warranty Deed shall be made through the escrow and this Contract. The cost of the escrow shall be divided equally between Seller and Purchaser.
6. Time is of the essence of this Contract. If the date of Closing or any date for performance of any of the terms, conditions and provisions of this Agreement shall fall on a Saturday, Sunday or legal holiday, then the date of Closing or such performance shall be extended to the next business day.
7. Any and all notices, demands, consents and approvals required under this Contract shall be sent and deemed received: (a) on the third business day after mailed by certified or registered mail, postage prepaid, return receipt requested, or (b) on the next business day after deposit with a nationally-recognized overnight delivery service (such as Federal Express or Airborne) for guaranteed next business day delivery, if addressed to the parties as follows:
