From: Rick Sander, Fire Chief

Date: August 27, 2018

**Subject: Agenda Item Request; Fire Station Alerting System**

Please find attached the Memorandum of Understanding (MOU) between the Emergency Telephone System Board of DuPage County (ETSB) and the Village of Lombard and the Letter of Intent governing the use of the Fire Station Alerting System (FSAS) for both Fire Stations 44 and 45.

The Letter of Intent and executed MOU will allow the DuPage ETSB Project to move forward for all agencies involved. The Lombard Fire Department's FSAS is on schedule for installation and is expected to be operational by first quarter 2019.
