Subject: Request for "No Parking" on Oakton Dr.

Attached is a letter from First United Property Management who represents Club Croix Homeowners Association. The Board of Directors have received many complaints from residents regarding parking along the curve on Oakton Dr. They have requested "No Parking" on the southern/western side of the curve along Oakton Dr. (see attached drawing).

After reviewing their request, I agree that vehicles parked on both sides of the street at the curve does create a hazard. The hazard is created by only having a one lane road with poor visibility. I would recommend installing "No Parking" as indicated on the drawing.

Re: Club Croix Homeowners Association

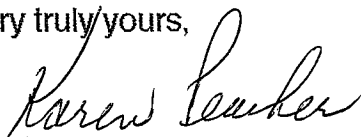

Dear Mr. Johnson:

There have been complaints and concerns raised regarding the street parking on Oakton by the curve (map attached and highlighted) on the East portion of the property.

We respectfully request consideration of having parking permitted on one side of the street only in this area. The residents have stated that this particular area has a "blind" spot and feel that an accident could easily happen.

I would be happy to meet with you to further discuss this situation if you would like and look forward to your response.

Very truly yours,

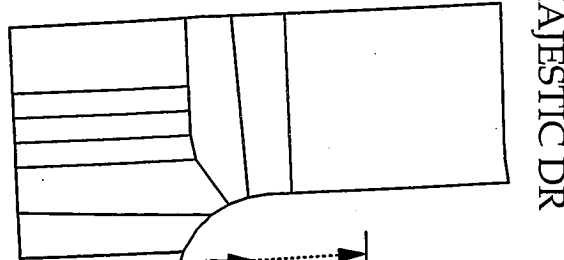

Karen Peacher - Extension 204
