**Subject: PC 07-20: Text Amendments to the Lombard Zoning Ordinance  
(Athletic Training Facilities/Learning Centers in the I District)**

Dear President and Trustees:

**Village Manager**  
William T. Lichter

Your Plan Commission transmits for your consideration its recommendation regarding the above-referenced petition. The petitioner requests text amendments to Sections 155.418 (C) and 155.802 of the Lombard Zoning Ordinance (and other sections where needed for clarity) allowing athletic training facilities and/or learning centers to be listed as a conditional use within the I Limited Industrial District.

After due notice and as required by law, the Plan Commission conducted a public hearing for this petition on May 21, 2007.

"Our shared *Vision* for Lombard is a community of excellence exemplified by its government working together with residents and business to create a distinctive sense of spirit and an outstanding quality of life."

Peter Becker, 519 Cardinal Avenue, Oswego, presented the petition. He stated that he is requesting a text amendment that would allow athletic training facilities to be listed as conditional uses within the I Limited Industrial District. He noted that similar uses are already listed within the Zoning Ordinance and the proposed amendment would be consistent with those uses.

Chairperson Ryan then opened the meeting for public comment. There was no one in the audience to speak in favor of or against the petition.

"The *Mission* of the Village of Lombard is to provide superior and responsive governmental services to the people of Lombard."

Chairperson Ryan requested the staff report. Jennifer Backensto, Planner II, stated that the petitioner is proposing to operate an indoor athletic training facility at 1117 N. Main Street within the I Limited Industrial District (PC 07-21). However, before that petition can be considered, the Zoning Ordinance must first be amended to allow athletic training facilities to be listed as conditional uses within the I District. Athletic training facilities are proposed to be listed as conditional uses, so any future facilities would have to meet the standards for conditional uses and would be subject to a future public hearing process.

Ms. Backensto stated that the Zoning Ordinance lists several uses that share characteristics with athletic training facilities. The closest comparison is a combination of a trade school with a stadium or arena. Since these are both listed as conditional uses within the I District, staff believes that listing athletic training facilities as conditional uses within the I District would be consistent with the Ordinance. Ms. Backensto read the Zoning Ordinance definition of learning centers and stated that the private, educational nature of athletic training facilities fits in well with the other uses classified as learning centers. Therefore, staff believes that it is appropriate to amend the definition of learning centers to include athletic training facilities and include learning centers as conditional uses within the I District. While learning centers are not directly associated with industrial uses as described in the purpose of the Industrial District, their function and impacts are similar to those specified in the Purpose Statement.

The proposed amendment creates no nonconformities and would make the Zoning Ordinance more permissive only to the extent that it would allow learning centers within the I District through the conditional use public hearing process. Staff believes that the proposed amendment would be consistent with the Comprehensive Plan. The Village has a history of amending its Zoning Ordinance to address newly evolving circumstances and proposed amendments are consistent with Village policy in this regard. Staff identified two local communities, Naperville and Wheaton, that list athletic training facilities within their ordinances. Both communities distinguish training facilities from gymnasiums, tutoring, and recreational learning activities.

Ms. Backensto then discussed the specific language in the proposed amendments, noting that staff recommends approval of the petition. Chairperson Ryan then opened the meeting for discussion among the Plan Commissioners. The Plan Commissioners had no comments.

After due consideration of the petition and the testimony presented, the Plan Commission found that the proposed text amendments do comply with the standards of the Lombard Zoning Ordinance. Therefore, the Plan Commission, by a roll call vote of 4 to 0, recommended to the Corporate Authorities, approval of PC 07-20.

Respectfully,

**TITLE**

**PC 07-20; Text Amendments to the Lombard Zoning Ordinance:** The petitioner requests text amendments to Sections 155.418 (C) and 155.802 of the Lombard Zoning Ordinance (and other sections where needed for clarity) allowing athletic training facilities and/or learning centers to be listed as a conditional use within the I Limited Industrial District.

**GENERAL INFORMATION**

Petitioner: The Olympian Centre  
519 Cardinal Avenue  
Oswego, IL 60543

**ANALYSIS**

**SUBMITTALS**

This report is based on the following documents filed on April 23, 2007 with the Department of Community Development:

1. Petition for Public Hearing.
2. Response to Standards.
3. Plat of Survey, prepared by Mackie Consultants, dated October 12, 1989
4. Site Plan, prepared by Cawley Chicago Commercial Real Estate.
5. Tenant space layout, prepared by petitioner.

**DESCRIPTION**

The petitioner is proposing to operate an indoor athletic training facility at 1117 N. Main Street within the I Limited Industrial District (PC 07-21). However, before that petition can be considered, the Zoning Ordinance must first be amended to allow athletic training facilities to be listed as conditional uses within the I District.

### INTER-DEPARTMENTAL REVIEW COMMENTS

## PUBLIC WORKS

Public Works has no objections, comments or changes.

## PRIVATE ENGINEERING SERVICES

From an engineering or construction perspective, PES has no comments.

## BUILDING & FIRE

The Fire Department/Bureau of Inspectional Services has no comments regarding the proposed text amendments.

## PLANNING

## Standards for Text Amendments

For any change to the Zoning Ordinance, the standards for text amendments must be affirmed. The standards and the petitioner's and staff comments are noted below:

1. *The degree to which the proposed amendment has general applicability within the Village at large and not intended to benefit specific property;*

Should the amendment be approved, it would apply to all properties with I zoning. As such, other I properties could be considered for athletic training facilities should the text amendment be approved. Athletic training facilities are proposed to be listed as conditional uses, so any future facilities would have to meet the standards for conditional uses and would be subject to a future public hearing process.

2. *The consistency of the proposed amendment with the objectives of this ordinance and the intent of the applicable zoning district regulations;*

The Zoning Ordinance lists several uses that share certain characteristics with athletic training facilities:

Uses	O	B1	B2	B3	B4	B5	B5A	I
Amusement establishments (indoor only)	-	-	C	C	P	C	C	-
Amusement establishments (outdoor)	-	-	-	-	C	-	-	-
Gymnasiums	-	-	-	P	P	P	P	-
Learning centers (indoor only)	-	P	P	P	P	P	P	-
Learning centers (outdoor component)	-	C	C	C	C	C	C	-
Elementary, middle, & high schools	C	-	-	-	-	-	-	C
Stadiums, auditoriums, & arenas	-	-	-	-	C	-	-	C
Trade schools	C	-	-	-	-	-	-	C

"C" = Conditional Use. "P" = Permitted Use. "-" Prohibited Use

The commercial, walk-in nature of amusement establishments and gymnasiums are fundamentally different from the private, scheduled operations of an athletic training facility. The closest comparison is a combination of a trade school (specialized instruction, frequently involving night classes) with a stadium or arena (accommodating athletic activities). Since these are both listed as conditional uses within the I District, staff believes that listing athletic training facilities as conditional uses within the I District would be consistent with the Ordinance.

The Zoning Ordinance defines learning centers as including “instruction in art, dance, photography, sculpture, language, student tutoring, testing centers, etc., but do not include adult uses, trade schools, public or private full-time schools.” The private, educational nature of athletic training facilities fits in well with the other uses classified as learning centers. Therefore, staff believes that it is appropriate to amend the definition of learning centers to include athletic training facilities and include learning centers as conditional uses within the I District. This would be consistent with recent text amendments to allow public and private full-time schools and clubs and lodges as conditional uses within the I District.

While learning centers are not directly associated with industrial uses as described in the purpose of the Industrial District, the function and impacts of these types of facilities are similar to those of “industrial activities that do not create appreciable nuisance or hazards, or that require a pleasant hazard- and nuisance-free environment” as specified in the Purpose Statement.

3. *The degree to which the proposed amendment would create nonconformity;*

The proposed amendment creates no nonconformities.

4. *The degree to which the proposed amendment would make this ordinance more permissive;*

The proposed amendment would make the Zoning Ordinance more permissive only to the extent that it would allow learning centers within the I District through the conditional use public hearing process.

5. *The consistency of the proposed amendment with the Comprehensive Plan;*

Staff believes that the proposed amendment would be consistent with the Comprehensive Plan. Learning centers can have characteristics similar to industrial uses (i.e., little or no pedestrian movements, community or regional draw to the facility, etc.). Therefore, staff believes that future learning centers can be looked at on a case by case basis to determine if their respective operation is consistent with the intent of the underlying district and would be appropriate for the respective site.

6. *The degree to which the proposed amendment is consistent with village policy as established in previous rulings on petitions involving similar circumstances.*

The Village has a history of amending its Zoning Ordinance to address newly evolving circumstances presented by petition or otherwise. The proposed amendments are consistent with established Village policy in this regard. Staff notes that recent text amendments have also addressed land uses that have changed in nature. This amendment is intended to realize that, while they are not incompatible with other uses listed within the Zoning Ordinance, learning centers (and athletic training facilities in particular) have unique operations that are not appropriate for residential districts and unique space needs that cannot always be met within typical shopping and commercial districts. Therefore, the I District is an appropriate alternative that is consistent with recent I District use amendments.

#### Survey of Other Municipalities

Staff identified two local communities, Naperville and Wheaton, that specifically list athletic training facilities within their ordinances. Both communities distinguish training facilities from gymnasiums, tutoring, and recreational learning activities.

#### **Naperville:**

**ATHLETIC TRAINING FACILITY:** A specialized indoor facility provided for the training needs and related activities of athletes. Unlike a health club or a gymnasium, these facilities are primarily for the prearranged use of specific teams and programs, rather than for general public walk-in use. This use may include classrooms and meeting space, as well as specialized sports facilities, such as ball courts, gymnasiums, weight rooms, and pools. Activities may include training sessions, practices, and competitive events. *(permitted in certain business districts, conditional in office and industrial districts)*

**HEALTH CLUB/GYMNASIUM:** A facility designed for the major purpose of physical fitness or weight reducing which may include, but is not limited to, such equipment as weight resistance machines, running and jogging, game courts, swimming facilities, saunas, showers, and lockers. Such facility shall be entirely enclosed, except for accessory outdoor athletic fields, normal and customary accessory uses, and parking. Instruction programs, aerobic classes, and weight control programs may be offered. *(permitted or conditional in certain business districts, conditional in office and industrial districts)*

**STUDENT LEARNING CENTER:** Includes private tutoring services, test preparation centers, drivers' education services, and similar educational facilities designed primarily for persons beyond the preschool and nursery school ages. *(permitted in certain business districts, conditional in office districts)*

**TRAINING STUDIO:** An establishment that offers recreational instructions in performing arts, martial arts, wellness, fitness, specialized crafts and other similar uses. *(conditional in certain business districts)*

#### **Wheaton:**

**ATHLETIC TRAINING SCHOOL:** Schools offering instruction in various athletic endeavors including but not limited to gymnastics and martial arts. *(permitted in one business district)*

**SPECIALTY SCHOOL:** Schools offering instruction in languages, visual and performing arts, business skills, crafts and other similar specialties, but excluding any instruction involving the use of heavy machinery or any instruction conducted out-of-doors. *(conditional in one residential district)*

Hello Jennifer,

Please waive the first reading of the ordinance to allow us to get our leases signed and equipment order. We have been waiting on final approval to do this and it will take 8 weeks to get everything in place.

Thanks
