Subject: FY16 Vendor Waiver of Bid

The FY 2016 budget includes \$61,000 for the purchase of equipment needed to set-up new vehicles purchased in 2016. This equipment includes light bars, radio consoles, prisoner partitions, prisoner seats, computer mounts, gun locks etc... Some of these set-ups can be quite complex and therefore staff would like to simplify the procurement of this equipment by using one vendor. Fleet Safety Supply of Naperville (IL) has been working with the village and other municipalities in this area for years and therefore has extensive experience setting up new vehicles. As you can see from the attached spreadsheet Fleet Safety Supply is the only vendor that can supply all the equipment lines the Fleet Division needs and has the overall lowest price. Additionally Fleet Safety Supply provides Fleet Services with input on the latest equipment and what equipment would work best in our application. Having one vendor also simplifies warranty returns and makes lead times more predictable.

This equipment would be purchased throughout FY2016 on an as needed basis. Since the cost of the equipment needed collectively will exceed the village's statutory purchase limit as specified in the purchasing manual (\$20,000) staff needs Board of Trustees approval to procure this equipment.

I recommend the Board of Trustees waive bid and award a contract to Fleet Safety Supply of Naperville, IL in the amount not to exceed \$61,000 for equipment used to set-up new vehicles over the 2016 fiscal year. Please submit this item to the Village Board for their consideration at the December 3, 2015 meeting.
