Re: Ordinance Amending Overweight / Overdimension Vehicles on Village Streets.

I was advised by Officer Joe Menolascino of our Traffic Unit that Title 9, Chapter 97, Section 97.200 of the Lombard Village Code had not been updated to reflect current Illinois Vehicle Code language. This change went into effect on January 1st, 2010. These changes dealt specifically with maximum weight and dimensions for vehicles on local roads. In addition he also recommended we update Section G to include The Village of Lombard as a certificate holder of insurance before a permit may be issued. Also section F was amended to our current practice. I would also request a waiver of first reading based on the law already being in effect. This ordinance was prepared and reviewed by Village Attorney Tom Bayer. If you have any questions please let me know.

Respectfully,

Deputy Chief Tom Wirsing
