Subject: Replacement Vactor Sewer Truck

---

On March 13, 2020 a Lombard Public Works Sewer Division truck (unit # SM454) was totaled in an accident. This vehicle is a 2009 Sterling LT7501 tandem axle Vactor sewer cleaning truck. Based upon the Village's vehicle replacement program, this vehicle was expected to be replaced in 2022. The estimated value of this truck before it was damaged was approximately \$40,000. The estimate from the manufacturer to repair the damage to this truck is \$157,000 so staff recommends replacing it. This truck is essential for sewer system cleaning and jetting as well as hydro-excavating. Although the insurance claim has not been finalized, staff would like Board approval to order a replacement at this time as the lead time to receive this truck is approximately 8 months.

The Vactor combination sewer truck is available for joint purchase through the Suburban Purchasing Cooperative (SPC contract # 162). The current contract winner for the SPC is Standard Equipment of Chicago (IL). The cost of the truck is \$448,950. Since this vehicle was not scheduled for replacement until 2022 the budgeted amount in reserve for this purchase is short \$74,874. This deficit should be mostly or entirely offset by the proceeds from the sale/salvage of the totaled vehicle and insurance once settled.

I recommend the Board of Trustees waive bid and award a contract to Standard Equipment of Chicago (IL) in the amount of \$448,950 for a new Vactor tandem axle combination sewer truck. I also recommend declaring Village unit number SM454 as surplus per the attached ordinance and authorizing its sale. Waiver of first reading is requested on this ordinance. Please submit this item to the Village Board for their consideration at the April 16, 2020 meeting.
