DATE: December 20, 2006 (BOT) Date: January 4, 2007

TITLE: PC 06-36: Roosevelt Road Development Moratorium

SUBMITTED BY: Department of Community Development *DLH*

BACKGROUND/POLICY IMPLICATIONS:

The Plan Commission transmits for your consideration its recommendation relative to the above-mentioned petition. The Village of Lombard is proposing the establishment of a nine (9) month moratorium on new development and/or major redevelopment activity along the Roosevelt Road Corridor within the Village.

The Plan Commission recommended approval of this petition, subject to amendments that have been incorporated into the final draft Ordinance.

Staff requests a waiver of first reading of the Ordinance.

MEMORANDUM

**TO:** William T. Lichter, Village Manager  
**FROM:** David A. Huliseberg, AICP, *DGH*  
Assistant Village Manager/Director of Community Development  
**DATE:** January 4, 2007  
**SUBJECT:** PC 06-36: Roosevelt Road Development Moratorium

Attached please find the following items for Village Board consideration as part of the January 4, 2007 Village Board meeting:

1. Plan Commission referral letter;
2. IDRC report for PC 06-36;
3. An Ordinance granting approval of the proposed text amendments establishing a development moratorium.

The Plan Commission recommended approval of the petition, subject to amendments that have been incorporated into the final draft Ordinance.

Staff requests a waiver of first reading of the aforementioned Ordinance.

Steven D. Sebby, Dist. 4  
Kenneth M. Florey, Dist. 5  
Rick Soderstrom, Dist. 6

Your Plan Commission transmits for your consideration its recommendation regarding the above-referenced petition. The Village of Lombard is proposing the establishment of a nine (9) month moratorium on new development and/or major redevelopment activity along the Roosevelt Road Corridor within the Village.

After due notice and as required by law, the Plan Commission conducted a public hearing for this petition on December 18, 2006. William Heniff, Senior Planner, presented the petition. He introduced the petition and submitted the Inter-departmental Review Report to the file in its entirety.

He then discussed the proposed moratorium. The intent of the moratorium is to review all land development regulations currently in place affecting development activity along the Roosevelt Road Corridor within the Village. Through this process, development regulations would be amended to reflect the goals of the Village's Comprehensive Plan and other plans and policies of the Village. During the moratorium period, staff would review the following issues:

- A. Whether a new zoning district classification should be created for the Roosevelt Road Corridor or whether an overlay district should be established;
- B. The permitted and conditional uses that are/should be allowed within the Roosevelt Road Corridor; and
- C. The bulk regulations, signage and landscaping criteria that are/should be applicable within the Roosevelt Road Corridor.

"Our shared *Vision* for Lombard is a community of excellence exemplified by its government working together with residents and business to create a distinctive sense of spirit and an outstanding quality of life."

"The *Mission* of the Village of Lombard is to provide superior and responsive governmental services to the people of Lombard."

He noted that the proposed moratorium would apply to all properties located within the Roosevelt Road Corridor that are either zoned for or utilized as commercial uses. The moratorium would temporarily put a hold on the following activities within the Corridor:

1. Any construction of a new principal building;
  2. Any construction of an addition, to an existing principal or accessory building, of more than 500 square feet in size;
  3. Any new freestanding signs; however, temporary signs and panel face changes would be exempt from the moratorium; and
  4. Any change in the type of commercial use for an existing commercial space of 5,000 or more square feet of gross floor area.
- Projects approved by the Village prior to the establishment of the moratorium would be exempt from the moratorium provisions, provided that construction begins on the project within one (1) year of the date of approval.

He then discussed the genesis of the moratorium concept. He noted that in the past staff has worked on a number of development issues along the Butterfield Road corridor to enhance its viability. Notable examples included the Fountain Square and Highlands of Lombard planned developments as well as the Yorktown Mall/Shops on Butterfield improvements. With these approvals in place, the Village Board in its strategic planning sessions has asked staff to turn its attention to the Roosevelt Road corridor. Specifically, the Board directed staff to begin a comprehensive review of the corridor to determine what actions should be undertaken to address development concerns and economic impacts of redevelopment within the corridor.

He noted that Roosevelt Road is a primary commercial corridor and a Strategic Regional Arterial roadway within the Village. It is essential that the zoning and development regulations established for properties within the corridor reflect the goals set forth within the Comprehensive Plan and reflect the desires of the community. Also of great importance is the goal to ensure that the economic vitality of the corridor is maintained and enhanced.

He noted that a number of properties within the corridor are currently in transition. These properties currently have or may have significant vacancies in the near future. Other sites are slated for development or redevelopment activity. At the same time, property owners and developers are asking staff to provide comment on prospective development plans or provide direction regarding their proposals. While staff could direct inquirers back to the relevant Village Codes, staff believes it is more important to undertake a greater overall analysis of the corridor to determine if the Village Codes would actually produce the desired output.

He then referenced several submitted exhibits depicting the existing conditions along the corridor. These included the existing land use, the Comprehensive Plan, the existing zoning districts and an aerial of the corridor. He noted that the corridor is currently designated for

community commercial uses within the Comprehensive Plan. The existing zoning along the corridor is a patchwork of B3 and B4 properties, many of which are also controlled by planned development approvals.

He then stated that the intent of the moratorium is to review all land development regulations currently in place that would affect development activity within the corridor. Through this process, development and zoning regulations would be amended that reflect the goals of the Comprehensive Plan and other adopted plans and policies of the Village. The intent of the analysis is also intended to look at the corridor comprehensively rather than reviewing the properties on an individual basis.

He noted past reviews undertaken by the Village including the establishment of the B5A zoning district. He noted that the corridor review can be considered a first step as part of an update to the Village's Comprehensive Plan. He also reference past efforts along the East St. Charles Road corridor in the late 1990s.

He noted that many of the Roosevelt Road properties about residential properties and what the appropriate treatment for the transitional yards would be appropriate. Future analysis will include design aspects, signage, landscaping, and curb cut.

He identified the issues and items that may be reviewed during the moratorium period, as referenced within the staff report. The final analysis may not necessarily include recommendations to amend all of the areas to be reviewed. There are a number of tools that will be reviewed including establishing a new zoning district, creating a corridor overlay district, development design guidelines, and/or establishing more form-based zoning regulations.

Questions were previously raised to staff about the need for a moratorium. He stated that staff would not want to see the Village being placed in the position of reviewing projects slated to start in 2007 with one set of regulations and others that will start in 2008 with another set of regulations. As such the proposed moratorium would serve as a temporary "time-out" while all aspects of the corridor are reviewed.

The moratorium is intended to extend for a nine-month period. Within this timeframe, the first six-month period would consist of a comprehensive review of the study elements and, if necessary, an additional three-month period is also suggested in order to allow any affected codes that would be amended, to be properly considered through a separate public hearing and/or committee review processes.

He noted that in addition in anticipation of the moratorium, staff also sent out notices to all property owners and known business tenants. Staff also held an informational meeting on December 6, 2006 to review the moratorium concept with the affected property owners and/or business tenants. General concerns about the moratorium and its applicability to specific properties were discussed. Staff noted that if a project is deemed necessary and desirable by the Village Board, an exemption from the moratorium could be approved for a specific project.

He referenced the appendices within the staff report that depicted the moratorium area, the topics to be reviewed and a draft Ordinance for discussion and review.

He closed his presentation by noting some of the comments previously raised to staff including exemption provisions and change of use provisions.

Chairperson Ryan then opened the meeting for public comment.

John Moroni, owner of the Westgate Lincoln Mercury property, 500 E. Roosevelt Road, inquired further about the exemption provision. He also asked if the moratorium would allow for a new automotive establishment to be located on his property. Mr. Heniff noted that the intent of the ordinance is to provide to opportunity to allow for a like use to occupy the premises, but not a change of use.

Mr. Moroni stated that it may not be a smart move to have a property vacant for a nine-month period and asked if there is a possibility for an exemption. Mr. Heniff stated that the staff report and recommendation notes that if the Board finds that a project is of a substantial design and is consistent with the objectives of the corridor review, the Board could grant special exception.

Mark Blum, 400 Skokie Boulevard, Northbrook, represents Roosevelt Associates, owner of a shopping center within the corridor. He noted his existing tenants include Sports Authority, Fruitful Yield, Marshall's and X-Sport Fitness. He noted that the original Sportmart was located within the center. He raised concerns regarding the change in use provisions, noting that they do not to be negatively impacted by the proposed moratorium as it pertains to their ability to re-lease vacant tenant spaces. Mr. Heniff noted that the intent of the ordinance is to provide for similar retail uses to be able to occupy tenant spaces. He noted the example that if a sporting goods store would leave the center that a similar retail use, such as a clothing store, would be permissible. However, if it were to change to a differing land use such as an office use, it would not be a permitted exception to the moratorium.

Peter Friedman, attorney for Roosevelt Associates, sought a clarification regarding the change of use provisions. He noted that the draft ordinance is vague relative to this issue. He also stated that the draft ordinance does not specifically state the exemption provisions.

George Wagner, Village Counsel, noted that projects previously approved, would fall under the exemption provision.

John Hirsch III, 53 N. Main Street, Glen Ellyn, discussed his concerns regarding the exceptions to the moratorium ordinance. He asked about the process would be involved to get a hearing for an exemption from the moratorium, specifically as it relates to the Westgate property. Mr. Heniff stated that the site is already regulated by a planned development. Any changes to a planned development would be required to go to the Plan Commission and Village Board for consideration. This is typically a 90-day process. However, he noted that before considering an exception to the moratorium, staff would want to know what was being proposed for a site.

VILLAGE OF LOMBARD  
INTER-DEPARTMENTAL REVIEW GROUP REPORT

TO: Lombard Plan Commission  
FROM: Department of Community Development  
PREPARED BY: William Heniff, AICP Senior Planner  
HEARING DATE: December 18, 2006

TITLE

PC 06-36; Roosevelt Road Development Moratorium: The Village of Lombard is proposing the establishment of a nine (9) month moratorium on new development and/or major redevelopment activity along the Roosevelt Road Corridor within the Village of Lombard.

DESCRIPTION:

The intent of the moratorium is to review all land development regulations currently in place that would affect development activity along the Roosevelt Road Corridor within the Village of Lombard. Through this process, development and zoning regulations would be amended to reflect the goals of the Village's Comprehensive Plan and other adopted plans and policies of the Village. During the moratorium period, Village staff would engage in a process to review the following issues:

- A. Whether a new zoning district classification should be created for the Roosevelt Road Corridor or whether an overlay district should be established;
  - B. The permitted and conditional uses that are/should be allowed within the Roosevelt Road Corridor; and
  - C. The bulk regulations, signage and landscaping criteria that are/should be applicable within the Roosevelt Road Corridor.
- Staff will thereafter make a recommendation to the Plan Commission and Village Board relative to appropriate Village Zoning Code amendments.
- The moratorium would apply to all properties located within the Roosevelt Road Corridor that are either zoned for or utilized as commercial uses. The moratorium would temporarily put a hold on the following activities within the Corridor:

- 1. Any construction of a new principal building;
- 2. Any construction of an addition, to an existing principal or accessory building, of more than 500 square feet in size;

3. Any new freestanding signs; however, temporary signs and panel face changes would be exempt from the moratorium; and
  4. Any change in the type of commercial use for an existing commercial space of 5,000 or more square feet of gross floor area.
- Projects approved by the Village prior to the establishment of the moratorium would be exempt from the moratorium provisions, provided that construction begins on the project within one (1) year of the date of approval.

The proposed moratorium would be applicable to all properties that are located within the Village along Roosevelt Road that are either zoned for commercial purposes or used for commercial purposes, excluding the National University of Health Sciences property. Appendix A is a map of the proposed moratorium area.

### INTER-DEPARTMENTAL REVIEW COMMENTS

#### ENGINEERING

The Private Engineering Services Division has no comment on the proposal.

#### PUBLIC WORKS

Public Works does not have any comments on the petition at this time.

#### BUILDING AND FIRE

Building and Fire do not have any comments on the petition.

#### PLANNING

##### *Background*

Roosevelt Road is a primary commercial corridor and a Strategic Regional Arterial roadway within the Village. It is essential that the zoning and development regulations established for properties within the corridor reflect the goals set forth within the Comprehensive Plan and reflect the desires of the community. Also of great importance is the goal to ensure that the economic vitality of the corridor is maintained and/or enhanced through a systematic and comprehensive review. The Village Board has raised concerns regarding the future development trends along the corridor through its strategic planning/visioning session and has suggested to staff that the corridor should be reviewed and recommendations should be made that address these concerns.

Staff notes that a number of properties within the corridor are currently in transition. These properties currently have or may have significant vacancies in the near future. Other sites are slated for development or redevelopment activity. At the same time, property owners and developers are asking staff to provide comment on prospective development plans or provide direction regarding

their proposals. While staff could direct inquirers back to the relevant Village Codes, staff believes it is more important to undertake a greater overall analysis of the corridor to determine if the Village Codes would actually produce the desired output.

*Intent*

The intent of the moratorium is to review all land development regulations currently in place that would affect development activity within the corridor. Through this process development and zoning regulations would be amended that reflect the goals of the Comprehensive Plan and other adopted plans and policies of the Village. To this end, the following issues would be reviewed:

1. Whether a new zoning district classification should be created for the district, or whether an overlay district should be established;
2. The permitted and conditional uses allowed within the corridor;
3. Bulk regulations, signage, and landscaping criteria.

Through this process, the review will hope to accomplish the following goals:

1. Appropriate land uses would be enumerated as permitted or conditional uses for the corridor;
2. The regulations would be sensitive to the abutting non-residential uses next to most commercial properties within the corridor;
3. The corridor would become more pedestrian friendly;
4. Driveway access points would be reviewed and curb-cuts would be minimized in an effort to provide for better traffic flow;
5. Wall and free-standing signage criteria would be comprehensively reviewed and applied;
6. Multiple tenant buildings would be designed and operated consistent with the corridor goals;
7. Future development activity would be consistent with the Village's infrastructure capital improvement goals and planning activities.

A further list of the items to be reviewed is included in Appendix B. Please note that while staff may review all of the listed items, the final analysis may not necessarily include recommendations to amend all of the areas to be reviewed. Moreover, there are a number of tools that will be reviewed including establishing a new zoning district, creating a corridor overlay district, development design guidelines, and/or establishing more form-based zoning regulations.

While it is possible to undertake an analysis of the corridor without a moratorium, staff recommends the establishment of a moratorium to ensure that concept development proposals be designed with the overall intent of the corridor review in mind. Moreover, staff would not want to see the Village being placed in the position of reviewing projects slated to start in 2007 with one set of regulations and others that will start in 2008 with another set of regulations.

*Applicability*

The moratorium would apply to all properties noted within the study area that were identified as part of the public hearing notice and included within the draft Ordinance noted in Appendix C. The moratorium is proposed to apply to the following instances:

1. Any new construction of a principal building or an addition to and existing principal or accessory building of more than 500 square feet in size.

2. Any change in the type of commercial use occupying an existing commercial space of 5,000 or more square feet of gross floor area.

3. Any new freestanding signs within the corridor. Temporary signs and panel face changes would be exempt from the moratorium.

4. Projects approved by the Village prior to the establishment of the moratorium would be except from the moratorium provisions. However, if a specific project has been approved and no new construction has started on the project within one year of the date approval, the property and the project would be subject to the moratorium provisions.

Staff may also seek to provide an exemption provision from the moratorium provisions in unique cases in which a proposed development would meet the objectives and goals of the corridor study.

#### *Time Provisions*

The moratorium period is intended to extend for a nine-month period. Within this timeframe, the first six-month period would consist of a comprehensive review of the study elements and, if necessary, an additional three-month period is also suggested in order to allow any affected codes that would be amended, to be properly considered through a separate public hearing and/or committee review processes. The moratorium itself will automatically have an established sunset provision as noted in the draft Ordinance in Appendix C.

#### *Actions to Date*

In addition to providing the public hearing notice and in anticipation of the moratorium staff also sent out notices to all property owners and known business tenants that would be affected by the moratorium. Staff held an informational meeting on December 6, 2006 to review the proposed amendment informally with the affected property owners and/or business tenants. General concerns about the moratorium and its applicability to specific properties were discussed. Staff noted that if a project is deemed necessary and desirable by the Village Board, an exemption from the moratorium could be approved for a specific project.

#### *Text Amendment Standards*

The proposed moratorium would be considered a text amendment to several sections of the Village Code, including the Building Code (Chapter 150), the Sign Ordinance (Chapter 153) and the Zoning Ordinance (Chapter 155). As such, staff has prepared a response to standards for text amendments, as set forth below:

### Standards for Text Amendments

1. *The degree to which the proposed amendment has general applicability within the Village as large and not intended to benefit specific property*

While the impacts of the moratorium may affect some properties to a greater extent, the moratorium provisions would be uniformly applied to all properties in the proposed moratorium area.

2. *The consistency of the proposed amendment with the objectives of this ordinance and the intent of the applicable zoning district regulations*

The moratorium is intended to ensure that future development is meeting the desired goals of Village Code and other adopted plans. Where the Code does not produce the desired affect, staff will bring forward a request for a text amendment to the Zoning Ordinance.

3. *The degree to which the proposed amendment would create nonconformity; and*

The moratorium itself would not create any nonconformities.

4. *The degree to which the proposed amendment would make this ordinance more permissive*

The moratorium would not make the code more permissive. During the moratorium period, the Code will be very restrictive, albeit only for a short, limited duration.

5. *The consistency of the proposed amendment with the Comprehensive Plan*

Staff is beginning the process of reviewing the Comprehensive Plan. As a first step in this process, the Village Board identified the Roosevelt Road corridor for special review. As the corridor is in transition, the moratorium is intended to serve as a first step to review development activity and development policies in the corridor. Ultimately, the recommendations identified during the moratorium period will serve as recommendations to be incorporated in the Comprehensive Plan itself.

6. *The degree to which the proposed amendment is consistent with Village policy as established in previous rulings on petitions involving similar circumstances.*

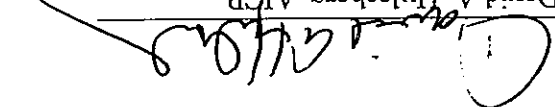

The Village has not considered a zoning related moratorium in recent memory (a temporary moratorium was established in the 1980s as a result of a 100-year storm event). This moratorium is intended to be consistent with the Village's goals to ensure that development and/or redevelopment activity within the corridor is achieving the Village's goals as well.

## RECOMMENDATION:

Based on the above considerations, the Inter-Departmental Review Committee recommends that the Plan Commission make the following motion recommending **approval** of the request as proposed:

Based on the submitted petition and the testimony presented, the proposed text amendments comply with the standards required by the Lombard Zoning Ordinance; and, therefore, I move that the Plan Commission find that the findings included as part of the Inter-department Review Report be the findings of the Plan Commission and therefore, I recommend to the Corporate Authorities **approval** of the text amendment described in PC 06-36.

*DRAFT*  
ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE ESTABLISHING A TEMPORARY MORATORIUM  
UPON DEVELOPMENT WITHIN THE ROOSEVELT ROAD CORRIDOR  
AND AMENDING TITLE 15 OF THE  
LOMBARD VILLAGE CODE IN RELATION THERETO

**WHEREAS**, the Village's Community Development Department is presently in the process of studying the future of development/redevelopment within the Roosevelt Road Corridor within the Village, said Roosevelt Road Corridor being described in Exhibit A attached hereto and made part hereof; and

**WHEREAS**, it is in the best interests of the Village to protect the welfare of its residents by taking measures to assure the proper, necessary and appropriate development/redevelopment of the Roosevelt Road Corridor; and

**WHEREAS**, it necessary and desirable, and in the best interests of the residents of the Village, that a comprehensive review of the standards for development/redevelopment within the Roosevelt Road Corridor be conducted by the Village's Community Development Department and that, as a result thereof, appropriate action be taken by the President and Board of Trustees and, if necessary, amendments be made to the Village's Zoning, Sign, Building, and Subdivision and Development Codes; and

**WHEREAS**, the development/redevelopment of property within the Roosevelt Road Corridor, as it now exists under the Village's current development/redevelopment standards, would not fully promote the general welfare of the Village and would be, in part, inconsistent with the public health, safety, morals and welfare of the Village; and

**WHEREAS**, a moratorium on certain development approvals, as provided herein, within the Roosevelt Road Corridor, for a period of nine (9) months from the adoption of this Ordinance, is necessary for the protection of the public health, safety and general welfare of the residents of the Village; and

**WHEREAS**, in light of the impact of this Ordinance upon certain provisions of the Village's Zoning Code, the Plan Commission held a public hearing, pursuant to proper notice, on December 18, 2006, in regard to the moratorium provided for below, and did recommend approval of said moratorium;

**NOW, THEREFORE, BE IT ORDAINED** by the President and Board of Trustees of the Village of Lombard, DuPage County, Illinois, as follows:

**SECTION 1: Recitals.** The foregoing recitals are incorporated into this Ordinance as findings of the President and Board of Trustees.

**SECTION 2: Temporary Moratorium.**

A. **Start Date.** Beginning on January 5, 2007, at 12:01 a.m., no applications for the following development/redevelopment activity shall be accepted or processed by the Village, and no permit or approval shall be granted authorizing any such development/redevelopment activities, within the Roosevelt Road Corridor:

1. Any construction of a new principal building;
2. Any construction of an addition, to an existing principal or accessory building, of more than 500 square feet in size;
3. Any new freestanding signs;
4. Any change in the type of commercial use occupying an existing commercial space of 5,000 or more square feet of gross floor area.

B. **Limited Time Period.** The Temporary Moratorium, unless sooner terminated by ordinance duly adopted by the President and Board of Trustees without further notice or hearing, shall remain in full force and effect for a period of nine (9) months and shall terminate at 12:01 a.m. on October 5, 2007.

C. **Exemptions.**

1. Projects for which application has been made to the Village prior to the establishment of the Temporary Moratorium shall be exempt from the Temporary Moratorium provisions, provided the applicant continues with the application and approval process as provided for by the provisions of the Village Code.

2. Projects approved by the Village prior to the establishment of the Temporary Moratorium shall be exempt from the Temporary Moratorium provisions, provided that construction begins on the project within one (1) year of the date of approval by the Village.

3. Temporary signs and panel face changes shall be exempt from the Temporary Moratorium provisions.

**SECTION 3: Community Development Department Review.** During the Temporary Moratorium period, the Village's Community Development Department shall engage in a process to review the following issues:

- A. Whether a new zoning district classification should be created for the Roosevelt Road Corridor or whether an overlay district should be established;
- B. The permitted and conditional uses that are/should be allowed within the Roosevelt Road Corridor; and
- C. The bulk regulations, signage and landscaping criteria that are/should be applicable within the Roosevelt Road Corridor.

and shall thereafter make a recommendation to the Plan Commission, with the Plan Commission holding the necessary public hearing(s) thereon and making a recommendation to the President and Board of Trustees relative to appropriate Village Code amendments, all to take place within the time set forth in this Ordinance for the Temporary Moratorium.

**SECTION 4:** That Title 15, Chapter 150 of the Lombard Village Code is hereby amended by adding a new Section 150.369 thereto which shall read in its entirety as follows:

“§150.369 TEMPORARY MORATORIUM.

The provisions of this Chapter 150 shall be subject to the temporary moratorium imposed by Ordinance Number \_\_\_\_\_, adopted January 4, 2007, from 12:01 a.m. on January 5, 2007, through 12:01 a.m. on October 5, 2007, unless terminated sooner by action of the President and Board of Trustees.”

**SECTION 5:** That Title 15, Chapter 153 of the Lombard Village Code is hereby amended by adding a new Section 153.005 thereto which shall read in its entirety as follows:

“§153.005 TEMPORARY MORATORIUM.

The provisions of this Chapter 153 shall be subject to the temporary moratorium imposed by Ordinance Number \_\_\_\_\_, adopted January 4, 2007, from 12:01 a.m. on January 5, 2007, through 12:01 a.m. on October 5, 2007, unless terminated sooner by action of the President and Board of Trustees.”

**SECTION 6:** That Title 15, Chapter 154 of the Lombard Village Code is hereby amended by adding a new Section 154.106 thereto which shall read in its entirety as follows:

“§154.106 TEMPORARY MORATORIUM.

The provisions of this Chapter 154 shall be subject to the temporary moratorium imposed by Ordinance Number \_\_\_\_\_, adopted January 4, 2007, from 12:01 a.m. on January 5, 2007, through 12:01 a.m. on October 5, 2007, unless terminated sooner by action of the President and Board of Trustees.”

**SECTION 7:** That Title 15, Chapter 155 of the Lombard Village Code is hereby amended by adding a new Section 155.03 thereto which shall read in its entirety as follows:

“§155.03 TEMPORARY MORATORIUM.

The provisions of this Chapter 155 shall be subject to the temporary moratorium imposed by Ordinance Number \_\_\_\_\_, adopted January 4, 2007, from 12:01 a.m. on January 5, 2007, through 12:01 a.m. on October 5, 2007, unless terminated sooner by action of the President and Board of Trustees.”

**SECTION 8:** In light of the urgency in adopting this Ordinance so as to immediately

begin the Temporary Moratorium, pursuant to a two-thirds (2/3rds) vote of the Corporate Authorities, as required by 65 ILCS 5/1-2-4, this Ordinance shall be in full force and effect from

and after its adoption and approval as provided by law.

Passed on first reading this \_\_\_\_\_ day of \_\_\_\_\_, 2007.

First reading waived by action of the Board of Trustees this 4<sup>th</sup> day of January, 2007.

Passed on second reading this 4<sup>th</sup> day of January, 2007, pursuant to a roll call vote as follows:

AYES: \_\_\_\_\_

NAYS: \_\_\_\_\_

ABSENT: \_\_\_\_\_

APPROVED by me this 4<sup>th</sup> day of January, 2007.

**SECTION 1:** Recitals. The foregoing recitals are incorporated into this Ordinance as findings of the President and Board of Trustees.

**NOW, THEREFORE, BE IT ORDAINED** by the President and Board of Trustees of the Village of Lombard, DuPage County, Illinois, as follows:

**WHEREAS**, in light of the impact of this Ordinance upon certain provisions of the Village's Zoning Code, the Plan Commission held a public hearing, pursuant to proper notice, on December 18, 2006, in regard to the moratorium provided for below, and did recommend approval of said moratorium;

**WHEREAS**, a moratorium on certain development approvals, as provided herein, within the Roosevelt Road Corridor, for a period of nine (9) months from the adoption of this Ordinance, is necessary for the protection of the public health, safety and general welfare of the residents of the Village; and

**WHEREAS**, the development/redevelopment of property within the Roosevelt Road Corridor, as it now exists under the Village's current development/redevelopment standards, would not fully promote the general welfare of the Village and would be, in part, inconsistent with the public health, safety, morals and welfare of the Village; and

**WHEREAS**, it is necessary and desirable, and in the best interests of the residents of the Village, that a comprehensive review of the standards for development/redevelopment within the Roosevelt Road Corridor be conducted by the Village's Community Development Department and that, as a result thereof, appropriate action be taken by the President and Board of Trustees and, if necessary, amendments be made to the Village's Zoning, Sign, Building, and Subdivision and Development Codes; and

**WHEREAS**, it is in the best interests of the Village to protect the welfare of its residents by taking measures to assure the proper, necessary and appropriate development/redevelopment of the Roosevelt Road Corridor; and

**WHEREAS**, the Village's Community Development Department is presently in the process of studying the future of development/redevelopment within the Roosevelt Road Corridor within the Village, said Roosevelt Road Corridor being described in Exhibit A attached hereto and made part hereof; and

**AN ORDINANCE ESTABLISHING A TEMPORARY MORATORIUM UPON DEVELOPMENT WITHIN THE ROOSEVELT ROAD CORRIDOR AND AMENDING TITLE 15 OF THE LOMBARD VILLAGE CODE IN RELATION THERETO**

**SECTION 2: Temporary Moratorium.**

A. Start Date. Beginning on January 5, 2007, at 12:01 a.m., no applications for the following development/redevelopment activity shall be accepted or processed by the Village, and no permit or approval shall be granted authorizing any such development/redevelopment activities, within the Roosevelt Road Corridor:

1. Any construction of a new principal building;
2. Any construction of an addition, to an existing principal or accessory building, of more than 500 square feet in size;
3. Any new freestanding signs;
4. Any change in the type of commercial use occupying an existing commercial space of 5,000 or more square feet of gross floor area. For purposes of determining a change in the type of commercial use, the following four (4) categories of commercial uses shall be used:

- (i) retail only;
- (ii) service only;
- (iii) non-motor vehicle sales retail/service combined; and
- (iv) motor vehicle sales retail/service combined.

B. Limited Time Period. The Temporary Moratorium, unless sooner terminated by ordinance duly adopted by the President and Board of Trustees without further notice or hearing, shall remain in full force and effect for a period of nine (9) months and shall terminate at 12:01 a.m. on October 5, 2007.

C. Exemptions.

1. Projects for which a formal application has been made to the Village prior to the establishment of the Temporary Moratorium shall be exempt from the Temporary Moratorium provisions, provided the applicant continues with the application and approval process as provided for by the provisions of the Village Code. A formal application shall be deemed made relative to a project if all documents as required by the Village Code relative to said application have been submitted.

2. Projects approved by the Village prior to the establishment of the Temporary Moratorium shall be exempt from the Temporary Moratorium provisions, provided that construction begins on the project within one (1) year of the date of approval by the Village. Approval shall be deemed to have been given if:

- (i) the Village Board has adopted the necessary Ordinance(s) approving the project, if an Ordinance(s) is required; or
- (ii) Village staff has issued the permits giving the final approvals relative to said project, if no Ordinance(s) is/are required.

3. Temporary signs and panel face changes shall be exempt from the Temporary Moratorium provisions.

D. Variation. A variation from the requirements of the Temporary Moratorium may be petitioned for, with said variation request being heard by the Plan Commission and subject to the requirements for variations as set forth in Chapter 155 of the Village Code. In regard thereto, the Plan Commission may hear a request for any additional relief needed by the petitioner, should the variation be granted, at the same time as the variation request is heard. The Plan Commission shall, as is the case with all variation requests heard by the Plan Commission, make a recommendation to the President and Board of Trustees, with the President and Board of Trustees having final decision making authority relative to any such variation request.

**SECTION 3: Community Development Department Review.** During the Temporary Moratorium period, the Village's Community Development Department shall engage in a process to review the following issues:

- A. Whether a new zoning district classification should be created for the Roosevelt Road Corridor or whether an overlay district should be established;
- B. The permitted and conditional uses that are/should be allowed within the Roosevelt Road Corridor;
- C. The bulk regulations, signage and landscaping criteria that are/should be applicable within the Roosevelt Road Corridor;

and shall thereafter make a recommendation to the Plan Commission, with the Plan Commission holding the necessary public hearing(s) thereon and making a recommendation to the President and Board of Trustees relative to appropriate Village Code amendments, all to take place within the time set forth in this Ordinance for the Temporary Moratorium.

The provisions of this Chapter 155 shall be subject to the temporary moratorium imposed by Ordinance Number \_\_\_\_\_, adopted January 4, 2007, from 12:01 a.m. on January 5, 2007, through 12:01 a.m. on October

“§155.03 TEMPORARY MORATORIUM.

follows:  
amended by adding a new Section 155.03 thereto which shall read in its entirety as  
**SECTION 7:** That Title 15, Chapter 155 of the Lombard Village Code is hereby

amended by adding a new Section 154.106 thereto which shall read in its entirety as  
**SECTION 6:** That Title 15, Chapter 154 of the Lombard Village Code is hereby  
The provisions of this Chapter 154 shall be subject to the temporary moratorium imposed by Ordinance Number \_\_\_\_\_, adopted January 4, 2007, from 12:01 a.m. on January 5, 2007, through 12:01 a.m. on October 5, 2007, unless terminated sooner by action of the President and Board of Trustees.”

“§154.106 TEMPORARY MORATORIUM.

follows:  
amended by adding a new Section 153.005 thereto which shall read in its entirety as  
**SECTION 5:** That Title 15, Chapter 153 of the Lombard Village Code is hereby

amended by adding a new Section 150.369 thereto which shall read in its entirety as  
**SECTION 4:** That Title 15, Chapter 150 of the Lombard Village Code is hereby  
The provisions of this Chapter 150 shall be subject to the temporary moratorium imposed by Ordinance Number \_\_\_\_\_, adopted January 4, 2007, from 12:01 a.m. on January 5, 2007, through 12:01 a.m. on October 5, 2007, unless terminated sooner by action of the President and Board of Trustees.”

“§153.005 TEMPORARY MORATORIUM.

follows:  
amended by adding a new Section 150.369 thereto which shall read in its entirety as  
**SECTION 4:** That Title 15, Chapter 150 of the Lombard Village Code is hereby

amended by adding a new Section 150.369 thereto which shall read in its entirety as  
**SECTION 4:** That Title 15, Chapter 150 of the Lombard Village Code is hereby  
The provisions of this Chapter 150 shall be subject to the temporary moratorium imposed by Ordinance Number \_\_\_\_\_, adopted January 4, 2007, from 12:01 a.m. on January 5, 2007, through 12:01 a.m. on October 5, 2007, unless terminated sooner by action of the President and Board of Trustees.”

“§150.369 TEMPORARY MORATORIUM.

follows:  
amended by adding a new Section 150.369 thereto which shall read in its entirety as  
**SECTION 4:** That Title 15, Chapter 150 of the Lombard Village Code is hereby

5, 2007, unless terminated sooner by action of the President and Board of Trustees."

**SECTION 8:** Upon adoption of this Ordinance, the Village's Community Development Department shall forward a copy of the Ordinance to the taxpayer of record for each parcel listed on Exhibit A.

**SECTION 9:** In light of the urgency in adopting this Ordinance so as to immediately begin the Temporary Moratorium, pursuant to a two-thirds (2/3rds) vote of the Corporate Authorities, as required by 65 ILCS 5/1-2-4, this Ordinance shall be in full force and effect from and after its adoption and approval as provided by law.

Passed on first reading this \_\_\_\_\_ day of \_\_\_\_\_, 2007.

First reading waived by action of the Board of Trustees this 4<sup>th</sup> day of January, 2007.

Passed on second reading this 4<sup>th</sup> day of January, 2007, pursuant to a roll call vote as follows:

AYES: \_\_\_\_\_

NAYS: \_\_\_\_\_

ABSENT: \_\_\_\_\_

**APPROVED** by me this 4<sup>th</sup> day of January, 2007.

\_\_\_\_\_  
William J. Mueller  
Village President

**ATTEST:**

\_\_\_\_\_  
Brigitte O'Brien  
Village Clerk

Exhibit A

**Roosevelt Road Corridor**

All properties that are located within the Village of Lombard, are either zoned for commercial purposes or used for commercial purposes, (other than properties zoned Office District Planned Development), and which are located either adjacent to or within the immediate area of the South side of Roosevelt Road, from the Western Village boundary, (located West of Finley Road at the Milton Township/York Township boundary line), on the West, to Church Street on the East, or the North side of Roosevelt Road, from Finley Road on the West to just East of Luther Avenue on the East, all as more specifically identified by common addresses and permanent tax index numbers as follows:
