Village Attorney XX Date
Finance Director XX Date
Village Manager XX Date

NOTE: All materials must be submitted to and approved by the Village Manager's Office by 4:30 pm, Wednesday, prior to the Board Agenda distribution.

MEMORANDUM

To: David A. Hulseberg, Village Manager

From: Angela M. Podesta, Utilities Superintendent *AMP*

Through: Carl S. Goldsmith, Director of Public Works *CS*

Date: October 9, 2012

Subject: **FY 2012B & FY 2013 Sewer Lateral Lining Project
Waiver of Bids**

The Department of Public Works sent a Request for Proposal to Performance Pipelining, Inc. (PPI) of Ottawa, IL for lining sewer laterals from the sewer main to the clean out. This lining process essentially inserts a new pipe inside the existing pipe without excavation. Public Works conducted a pilot project in 2005 to evaluate the T-Liner process and found it to be acceptable. The T-Liner lines a portion of the sewer main at the connection and shoots a liner up the lateral to the clean out. The T-Liner is a patented process.

Public Works has successfully used sewer lining for main line rehabilitation for many years. Public Works uses the sewer lateral lining process when a sewer lateral needs repair due to extensive root growth, cracks or other defects that can be remedied without replacing the pipe, thus reducing restoration costs and inconvenience to the residents. There are still instances when replacement is the only method that will fix the problem.

The prices submitted for the proposal are attached. PPI has performed satisfactorily in the past. The Village has \$30,000 budgeted for Sewer Lateral Lining in the Water & Sewer Capital Reserve Fund for both Fiscal Years 2012B and 2013. The quantities in the proposal are estimates in order to obtain pricing and work orders will be issued to identify the locations and quantities to remain within budget. Payment for work performed will be based upon measured quantities multiplied by the contract unit prices.

Please request the Board of Trustees waive bids and award a contract in an amount equal to the budgeted amount of \$30,000 for Fiscal Year 2012B and \$30,000 for Fiscal Year 2013 for sewer lateral lining to Performance Pipelining, Inc. of Ottawa, IL at their October 18, 2012 meeting.

FY 2012B Sewer Lateral Lining Project

Item	Qty	Unit	Performance Pipelining Inc Ottawa IL	
			Unit Price	Total Price
"T Style" Lining System (base price, up to and including 15 ft length, 8" main, 6" lateral)	1	EA	\$3,500	\$3,500
"T Style" Lining System (base price, up to and including 15 ft length, 10" main, 6" lateral)	1	EA	\$3,700	\$3,700
"T Style" Lining System (base price, up to and including 15 ft length, 12" main, 6" lateral)	1	EA	\$3,900	\$3,900
