SUBJECT: Text Amendments to Section 150.301 et. seq. of Village Code and
Policy Review - Driveways

SUBMITTED BY: William J. Heniff, AICP, Director of Community Development 

BACKGROUND/POLICY IMPLICATIONS:

The Lombard Board of Building Appeals (BOBA) undertook a review of code provisions and policy documents relative to driveways at their February 6, 2019 meeting. This effort was a part of a larger review of the existing regulations, the Specifications Manual review and policy interpretations. The purpose of the review was to address common development questions pertaining to acceptable grades, design factors and common questions raised by the development community. The culmination of this effort is a series of text amendments to the driveway design standards set forth within the attached draft Ordinance.

Please place this item on the February 21, 2019 Village Board agenda. BOBA unanimously approval of the Code amendments relative to 150.301 et. seq. as it pertains to driveway design specifications and safety standards.
