LFD Response Area Modification

DC Kickert explained that Lombard used to respond to this area and then it was incorporated into Glen Ellyn's response area. However, the response time from Glen Ellyn to get to these homes was untimely, so we are working with Glen Ellyn and Tom Bayer to again include these homes in Lombard's response area. The Village will receive funding from Glen Ellyn for these services.

Sgt. Menolascino said that he still cannot generate reports due to a software glitch.

He mentioned that Railroad Safety week was September 22nd-28th. Officers spent time at the station and at the crossings and issued some citations/warnings for driving over the crossing while the lights and bells are still on. LPD worked with Metra and Union Pacific. Discussion ensued regarding METRA covering the investigation when there is a person hit by a train. Metra police cover the investigations and LPD provides support.
