22nd Street Manhole Improvements Design Engineering Professional Services Engineering
Approving a contract with Baxter & Woodman Consulting Engineers in the amount not to exceed \$28,510.00 to prepare a proposal for the design engineering services for the 22nd Street Manhole Improvements. Previous analysis determined adding a secondary force main to the Yorktown Lift Station, installing a parallel gravity sewer along the existing sewer, extending and straightening the gravity sewer to the connection to the Glenbard Wastewater Authority South Regional Interceptor sewer and the improvements to the 22nd Street Manhole where the force mains tie into the gravity sewer. (DISTRICT #3)
