See Click Fix Implementation Presentation

The See Click Fix platform is the next phase in our asset management system, Cartegraph which is used to analyze performance, spend funds in a more educated manner and make decisions based upon data and condition rather than age. The Village has seen significant improvements in the work flow and condition of assets since implementation. The See Click Fix platform will seamlessly connect with the Cartegraph system. See Click Fix is an app for residents to use to report issues within the Village.
